

Provincial Participation Rates and Percentages of Students Meeting the Acceptable Standard on Achievement Tests

Weighted Average for All Grades and Subjects, 2005 to 2009

Students Who Wrote
In 2008/2009, 85.1% of students who wrote met the acceptable standard, demonstrating an understanding of the core learning outcomes in the curriculum.

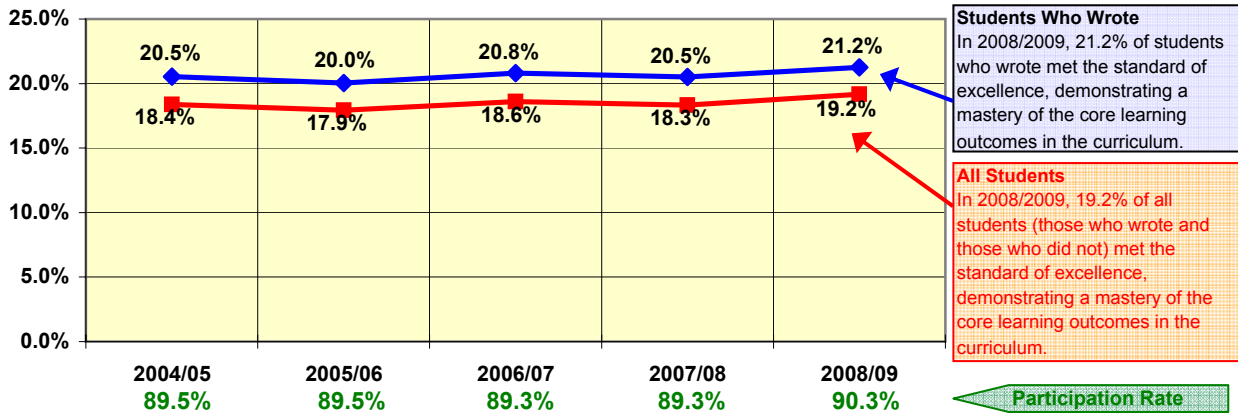

All Students
In 2008/2009, 76.8% of all students (those who wrote and those who did not) met the acceptable standard, demonstrating an understanding of the core learning outcomes in the curriculum.

Participation Rate

The aggregated participation rates and test results, a weighted average based on total enrollment of Grades 3, 6, and 9, include Grade 9 Science Tests but not Grades 6 and 9 Social Studies Tests from 2004/05 to 2008/09, as only some students wrote the old tests which reflect the old Program of Studies while the majority wrote the new pilot tests which reflect the new Program of Studies optionally implemented in 2008/2009.

Provincial Participation Rates and Percentages of Students Meeting the Standard of Excellence on Achievement Tests

Weighted Average for All Grades and Subjects, 2005 to 2009

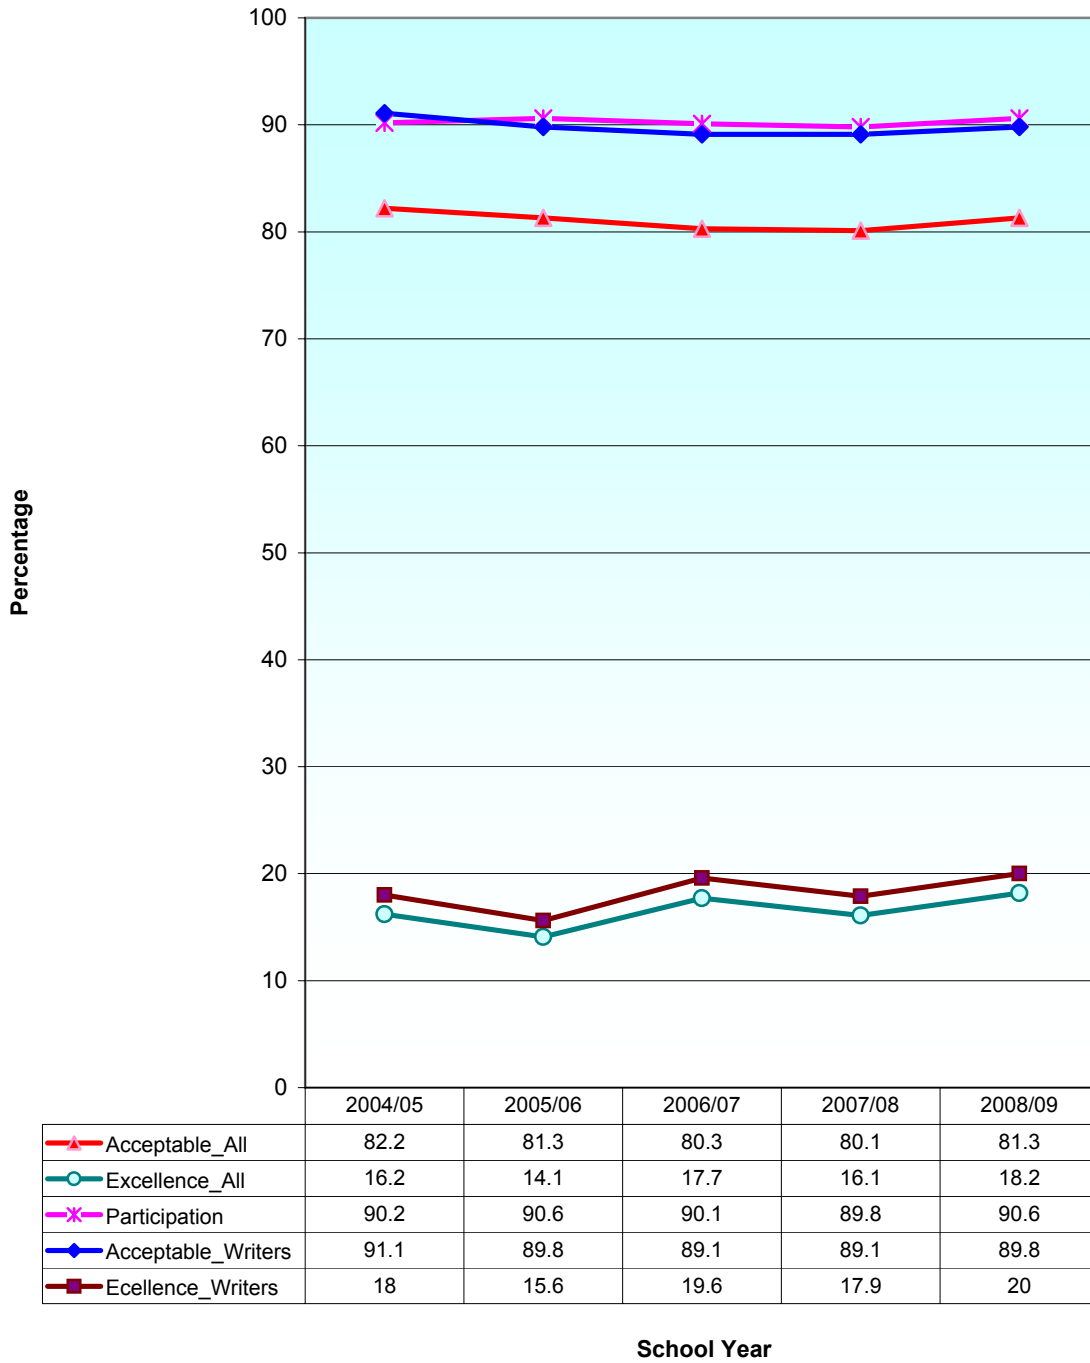

Students Who Wrote
In 2008/2009, 21.2% of students who wrote met the standard of excellence, demonstrating a mastery of the core learning outcomes in the curriculum.

All Students
In 2008/2009, 19.2% of all students (those who wrote and those who did not) met the standard of excellence, demonstrating a mastery of the core learning outcomes in the curriculum.

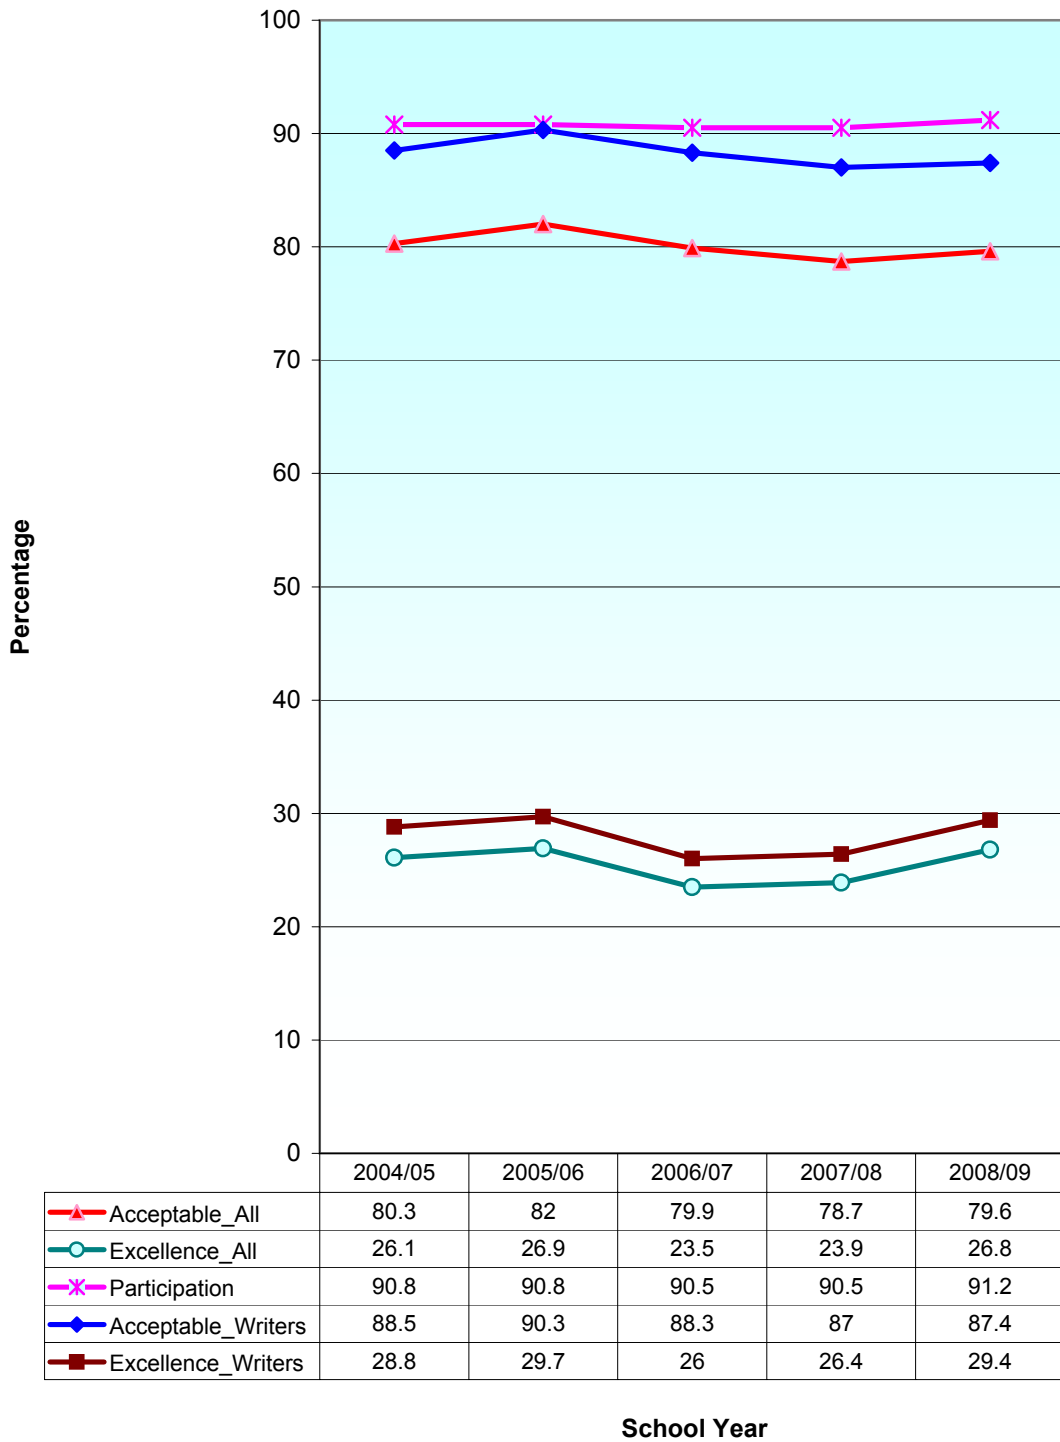

Participation Rate

The aggregated participation rates and test results, a weighted average based on total enrollment of Grades 3, 6, and 9, include Grade 9 Science Test but not Grades 6 and 9 Social Studies Tests from 2004/05 to 2008/09, as only some students wrote the old tests which reflect the old Program of Studies while the majority wrote the new pilot tests which reflect the new Program of Studies optionally implemented in 2008/2009.
