Background Information
This video, *Strengthening Hope* was designed to:

- inspire thinking and conversation;
- increase dialogue regarding potential next steps in supporting student success.

We need to constantly look at, and reflect on, the barriers that impact student success and ultimate completion of high school. We need to understand the specific barriers, so we can decide on what needs to happen. This video highlights one of many projects underway in Alberta. These projects can inform capacity building in school jurisdictions to ensure success for all students.

While Viewing the Video
Think about the following questions as you view this video.

1. What do you hear the partner agencies saying in the video?
2. What do you hear the students/staff saying in this video?
3. As you listen, what themes are emerging?
4. What intrigues you about what is being said?

After Viewing the Video
Use the following discussion questions to inspire conversation.

1. What role do partner agencies play in support success for students in our school?
2. How are we listening to the different voices in our school/jurisdiction/community?
3. What might be some of our next steps?
