SUMMARY OF SIGNIFICANT CHANGES

Funding Manual for School Authorities 2016/2017 School Year

The following are the significant content changes made to the *2016/2017 Funding Manual for School Authorities*. Some of these changes may not apply to all school authority types. Changes are indicated throughout the manual with the words “Revised” or “New” in the left side margin of the page.

Section 8.1 – School Jurisdiction Funding Rates

- For the 2016/2017 school year, all funding rates remain the same as for 2015/2016.

Section 8.2 – Private ECS Operators Funding Rates

- For the 2016/2017 school year, all funding rates remain the same as for 2015/2016.

Section 8.3 – Accredited Funded Private Schools Funding Rates

- Plant Operations and Maintenance funding is fully reinstated for level 2 accredited funded private schools.
- For the 2016/2017 school year, all other funding rates remain the same as for 2015/2016.

Introduction – Limitations

- Funding is provided to support the delivery costs for ECS to Grade 12 programs. It cannot be distributed directly to students or families through cash or cash equivalents, scholarships or capital assets where the primary or sole criteria is completion of a certain number of courses or credits.
- School authorities are not permitted to provide funding to students or families in cases where a student is enrolled in an online or regular school program. The only permissible instance for grant funding to be provided to parents is for students enrolled in a home education program.

Section 5.1 – Regional Collaborative Service Delivery

- Other Provincial Allocation has been added to this grant. This includes initiatives such as funding targeted to expand RCSD to children, youth and families living in First Nation communities.

Section 5.5 – Building Collaboration and Capacity in Education

- A new targeted grant is introduced to support three year projects that focus on building capacity for collaborative planning and building capacity for First Nations to participate in provincial initiatives.

Section 6.21 – Regional Consortium Funding, Curriculum Implementation Support

- Funding will be provided to the seven established regional professional development consortia approved by the Minister for the provision of professional learning supports for curriculum implementation. This funding was previously provided through individual grant agreements.

Section 8.5 – Private ECS Operators

- Payment schedules have been revised in order to fund on current year enrolments earlier in the school year.

Section 8.6 – Accredited Funded Private Schools

- Payment schedules have been revised in order to fund on current year enrolments earlier in the school year.

Section 8.7 – Enrolment Counts

- The criteria for priority school conflict resolution for students in grades 10-12 have been revised.

Forms

- A number of deadlines have been revised in the Submission Deadlines and Forms section.

Throughout – Grants code 500

- The grants code 500 is no longer used for funding purposes. Funding will be based directly on the special needs exception codes

Questions regarding these changes may be directed to Daimen Tan, Richard Arnold or William Poon of the School Finance Branch at 780-427-2055.

FOREWORD

*Funding for ECS-12 education is based on the principles of equity, flexibility and accountability. The allocations identified in this Manual represent a mechanism that equitably distributes provincial funding to support the education of all Alberta children and students from Early Childhood Services (ECS) to Grade 12. Unless otherwise specified, **school authorities** have maximum flexibility in determining how these funds are used to best meet local needs. School authorities are accountable for their use of funds and results achieved. The information in the manual is not intended as a substitute for provincial legislation or other policy, standards or regulations.*

GENERAL CONDITIONS

General terms and conditions related to funding are listed below. The Manual user should become familiar with these and ensure that they are met.

1. All **school authorities** must submit enrolment information through PASI and Student Records
2. Unless otherwise specified, funding is for the current **school year** based on the funding rates and payment schedules found in Part 8.
3. The **Minister** may determine the funding amount and the method by which that amount is determined. This determination may include a reduction in funding where a strike or lockout leads to cessation of services by teachers or other employees of a **school authority**.
4. Funding is provided to **school authorities** with the expectation that the **school authority** will offer the necessary programs or services to meet the needs of all **funded children/students**. It is also expected that **school authorities** will comply with all relevant government legislation, policy, regulations, and standards when applying for funding. **School authorities** are accountable to meet the education needs of all their students and children, for the results achieved and for the use of resources. **Boards** who have entered into an **education services agreement** (under section 62 of the *School Act*) remain responsible for the educational program of their **resident student** to whom the agreement applies as per section 45 of the *School Act*.
5. **School authorities** are expected to:
 - a) Meet the conditions and requirements outlined in this Manual. Failure to do so may result in a reduction or denial of funding; and
 - b) Meet the requirements set out in or adopted pursuant to sections 39(1) and 47 of the *School Act*; by
 - i. ensuring that only those courses of study or education programs prescribed or authorized by the **Minister** are followed;
 - ii. ensuring that the minimum total hours of instruction are made available to a child or student in a **school year**;
 - iii. ensuring that, subject to the right of a **board** to provide religious instruction, a course, an education program, or instructional material that has been prohibited by order of the **Minister**, are not used in **schools**;
 - iv. ensuring that goals and standards applicable to the provision of basic education are met; and
 - v. providing special education programming for students with special education needs.
 - c) Meet the applicable requirements of the *Government Accountability Act* and the *Financial Administration Act*.
6. The reference documents listed in this Manual should be used by **school authorities** as companion documents to the *Funding Manual for School Authorities*. They should not be used exclusive of each other.

7. **School authorities** applying for funding shall keep on file, for seven years, the documents required to support their claim for each type of funding described in this Manual, including invoices. The following are examples of other information to be kept on file:
 - a) an eligible enrolment count as of the **September count date** for the **school year**;
 - b) copies of current **education service agreements** including **transportation agreements**;
 - c) a record of the daily attendance of each enrolled student including high school students, the master timetable and student timetables and documents listed in Section 1.2;
 - d) a list of **schools**, teachers and administrators involved in each program;
 - e) documentation supporting a student's eligibility as a **funded student/funded child**;
 - f) where applicable, documentation supporting a student's eligibility for funding as a child of a **temporary resident**.
8. Alberta Education reserves the right to request and inspect documentation to substantiate data submitted that determines funding allocations and that assists in conducting financial and other reviews. This document inspection may be conducted off-site or on-site in a **school authority**.
9. An adjustment may be made to a payment when a review or audit by Alberta Education indicates that:
 - a) a **school authority** has received funding to which it was not entitled (pursuant to Section 9(1) of the *Education Grants Regulation*) – Note: no limitation period; or
 - b) a **school authority** has not received funding to which it is entitled – Note: the limitation period for school authorities to request an adjustment/change to any funding, shall be three years including the current **school year**.
10. Payments may be withheld from **school authorities** if the Audited Financial Statements or the Budget Report have not been properly completed in accordance with the respective guidelines and submitted by the due date. This also applies to the **School Board** Three-Year Education Plan or the Annual Education Results Report (AERR); **Accredited Funded Private Schools** and **Private ECS Operators** submitting their certified staffing information via TWINS or any other information required by the **Minister**. When the documents have been submitted and are determined to be acceptable, payments will then be released.
11. Payments may be withheld from **Accredited Funded Private Schools** and **Private ECS Operators** for failure to file annual returns with Corporate Registries. Operators must remain active according to corporate searches.
12. **ECS operators** who have received funding from Alberta Education to provide an **ECS program** and have decided to cease operations may be required to return a portion of their accumulated operating surplus to the Government of Alberta (see Section 9.3).
13. Pursuant to the *Education Grants Regulation* and the *Government Organization Act*, and in addition to the funding provisions in this manual, the **Minister** may provide funding to a **school authority**, or any other person, or organization for purposes related to the education of Alberta students and children.
14. **Accumulated Deficit from Operations (ADO):**
 - a) a budgeted **annual operating deficit** is acceptable if sufficient **accumulated surplus from operations (ASO)** is available to cover the planned shortfall. If sufficient **ASO** is not available, any resulting **accumulated deficit from operations (ADO)** must be supported by an **ADO Elimination Plan** approved by the Executive Director, Strategic Financial Services, which must be submitted with the Budget Report. A **school authority** submitting an **ADO Elimination Plan** will be expected to work with Alberta Education to achieve expected financial results.
 - b) November 30 is the deadline for **school authorities** to submit Audited Financial Statements (AFS) for the previous school year. A **school authority** submitting an AFS with an **accumulated deficit from operations (ADO)** will be expected to work with Alberta Education to eliminate the **ADO** within three to five years in accordance with an **ADO Elimination Plan** approved by the Executive Director, Strategic Financial Services.

- c) a **school authority** may be subject to an inquiry under section 41 of the *School Act*. A **school jurisdiction** may be subject to the appointment of an official trustee under section 42 of the *School Act* to conduct the affairs of the **school jurisdiction**.

LIMITATIONS

School authorities have maximum flexibility to use the funds allocated by Alberta Education to best meet local needs, however the following limitations will apply:

1. The maximum expenditure for system administration and **school board** governance will range from 3.6 per cent to 5.4 per cent depending on the student enrolment of the **school jurisdiction**. To determine the maximum expenditure, the applicable percentage is applied to a **school jurisdiction's** total expenditures as outlined in the Guidelines published by the Financial Reporting and Accountability Branch. See section 1.2, Fees and Deductions on how this reduction will be deducted from **school board** payments.
2. Funding provided to support ECS to Grade 12 programs cannot be used to support courses, programs or training for adults (20 years and older).
3. Targeted funding for provincial initiatives is allocated for specific priority programs as determined by Alberta Education, and are included in part 5 of this manual.
4. Funding for capital needs is allocated to **school jurisdictions** based on priorities and formulas determined by Alberta Education. Funding is provided for the areas of school facilities and infrastructure maintenance and renewal. Funding for these areas cannot be used for purposes other than capital needs.
5. Given the nature of the following funding areas, it is not possible to utilize the funding for purposes other than that for which it was provided: Francophone education funding, French language funding, education programs in an **institution** funding, program unit funding, regional consortium funding, and debt retirement.
- NEW 6. Funding is provided to support the delivery costs for ECS to Grade 12 programs. It cannot be distributed directly to students or families through cash or cash equivalents, scholarships or capital assets where the primary or sole criteria is completion of a certain number of courses or credits.
- NEW 7. School authorities are not permitted to provide funding to students or families in cases where a student is enrolled in an online or regular school program. The only permissible instance for grant funding to be provided to parents is for students enrolled in a home education program.

ALLOCATION CATEGORIES

Funding allocations are distributed in five categories: base instruction funding, additional funding for differential cost factors, targeted funding for provincial initiatives, other provincial support and capital funding.

1. Base Instruction Funding
 - Is provided on a per student basis for every full-time equivalent (**FTE**) student from early childhood services (ECS) to Grade 9. For students in Grades 10 – 12, base instruction funding is provided based on credit enrolment units (**CEUs**).
 - Class size funding is a component of base instruction and is provided for every student from early childhood services (ECS) to Grade 3.
2. Additional Funding for Differential Factors
 - a) Is based on distribution formulas designed to address variable cost factors.
 - b) Specific identified student populations include:
 - i. Early childhood services **children with mild/moderate disabilities**, those with severe disabilities/delays and those who are gifted and talented;
 - ii. English as a second language/**Francisation** children/students;
 - iii. First Nations, Métis, and Inuit children/students;
 - iv. The percentage of the student population of a **school jurisdiction** experiencing low socio-economic status (SES).

- c) SES is calculated on the general student population of the **school jurisdiction** and an incidence rate relative to the **school jurisdiction**. It is derived from census data provided by Statistics Canada.
 - d) The allocation formulas are designed to address variable cost factors, such as:
 - i. Increased costs to operate schools with low enrolments;
 - ii. Administration costs for **school jurisdictions** with small enrolments;
 - iii. Increased costs for **schools** located in the north;
 - iv. Variable cost of transporting students in rural, urban and metro **school jurisdictions**;
 - v. Support for Hutterite colony schools;
 - vi. Support for francophone students to have equivalent access to programs.
3. Targeted Funding for Provincial Initiatives
- Must be used for the purpose it was allocated. This includes funding for Regional Collaborative Service Delivery, Building Collaboration and Capacity in Education and SuperNet service.
4. Other Provincial Support
- Is provided in addition to the funding identified above and covers such areas as institutional programs, regional consortium, debt retirement and the Fort McMurray allowance.
 - Beginning in the 2014/2015 school year, funding is provided to eligible school jurisdictions to address teacher salary grid changes as outlined in Part B of the Framework Agreement between the Government of Alberta, the Alberta Teachers' Association and the Alberta School Boards Association and referenced in the *Assurance for Students Act*. http://www.assembly.ab.ca/ISYS/LADDAR_files/docs/bills/bill/legislature_28/session_1/20120523_bill-026.pdf
5. Capital Funding
- Is provided for modernization of an existing school facility, or construction of a new school facility. Infrastructure Maintenance and Renewal funding is provided to maintain safe and healthy school facilities. This funding may only be used for the purpose it was intended.

REVENUE SOURCES FOR SCHOOL JURISDICTION FUNDING

The government provides **school jurisdictions** with their funding allocation from either or both of the following sources of revenue:

1. The Alberta School Foundation Fund (ASFF) provides payments on an equal amount per **ASFF eligible student**:
 - a) For the purpose of the ASFF, the term "**school boards**" does not include **Francophone Regional Authorities, charter schools, accredited funded private schools** or **private ECS operators**.
 - b) The equal amount per **ASFF eligible student** from the ASFF is calculated by dividing the total requisition revenue collected by the province and opted out separate **school boards** by the total number of **ASFF eligible students**. All **school boards** will receive this dollar amount per **ASFF eligible student**.

When a separate **school board** has opted out of the ASFF and the local requisition per student is less than the ASFF payment per **ASFF eligible student**, the difference will be paid from the ASFF. If the local requisition is more than the ASFF payment per **ASFF eligible student**, the difference must be paid into the ASFF. For an opted out separate **school board**, the sum of the ASFF payment provided by the province and the tax revenue collected from the **school board's** declared taxpayers equals the ASFF payment the separate **school board** would otherwise receive if that **school board** participated fully in the ASFF.

2. The General Revenue Fund (GRF) provides grants authorized by the **Minister**.
 - a) In a **school year**, a **school jurisdiction** will receive funding from the GRF of the province equal to its funding allocation less the payments it receives from the ASFF (if applicable). For example, a public **school jurisdiction** entitled to a funding allocation of \$30 million and receiving \$10 million in ASFF, payments would be eligible for \$20 million from the GRF.
 - b) GRF provides funding for **accredited funded private schools** and **private ECS operators**.

Payment from ASFF

A funding allocation is calculated in the same way for public and separate **school boards** participating in the ASFF and separate **school boards** that have opted out of the ASFF.

School boards will receive a payment from the ASFF equal to their number of **ASFF eligible students** multiplied by the amount per **ASFF eligible student**. The difference between a **school board's** funding allocation and payment from the ASFF is provided by a grant from the GRF of the province.

Separate **school boards** that have opted out of the ASFF receive local education property tax requisitions quarterly from their declared taxpayers. Alberta Education provides a monthly advance on the local education property tax requisition that is repaid by the opted out **board** by the last banking day of each of the months of March, June, September and December. Opted out separate **school boards** whose local requisition per **ASFF eligible student** is less than the provincial payment per **ASFF eligible student** will also receive a payment from the ASFF that, when combined with their local education property tax requisition, would be the same amount they would receive if participating in the ASFF. The balance of the funding allocation for an opted out separate **school board** is provided by a grant from the GRF of the province.

Glossary of Terms

The glossary of terms outlines the definitions of terms used in the manual. Each term is printed in **bold face type** throughout the manual and has a specific meaning for funding purposes.

Part I — Funding for School Jurisdictions, Francophone Regional Authorities, and Charter Schools

BASE INSTRUCTION FUNDING

Section 1.1 — Early Childhood Services (ECS) Base Instruction Funding

ALLOCATION FORMULA

$$\text{ECS Funding Allocation} = \text{\# of funded children} \times (\text{ECS Base Instruction Rate} + \text{ECS Class Size Rate}^*)$$

*Note: **accredited funded private schools, private ECS operators,** and Hutterite Colony Schools are not eligible for ECS Class Size Funding.

ALLOCATION CRITERIA

1. Access to at least 475 hours of ECS instruction must be provided. Modifications to this requirement may be made for individual **children with special education needs** based on their **individualized program plan (IPP) or instructional support plan (ISP)** and age.
2. A child referred to in section 30(1)(a) of the *School Act* is not a resident or non-resident student of a **board**. An approved **ECS operator** must be prepared to accept and organize programming for all **funded children** for whom programming is requested, including **children with special needs**.
3. A **funded child** can only be claimed for funding by one **ECS operator** per year.
4. **ECS operators** are eligible for one year of ECS base instruction funding for regular ECS **funded children**, who are at least 4 years 6 months of age and less than 6 years of age on September 1.
5. **ECS operators** may only charge a fee to **parents of funded children** in a basic 475-hour program to offset non-instructional costs such as supplies, snacks and field trips.
6. **ECS operators** that offer an **ECS program** with more than 475 hours may charge a reasonable fee to cover the cost of the additional instructional hours.
7. An individual who is at least 5 years 6 months but less than 6 years of age on September 1, and who is coded as mild/moderate or severe, may be counted as a **funded child** (rather than as a **funded student**) if the **school jurisdiction**, the **ECS operator** and the parent agree that an **ECS program** is the most appropriate placement, and the child has spent less than the number of years in the program for which they are eligible.
8. An individual who is at least 6 years old but less than 7 years old on September 1 may be counted as a **funded child** (rather than a **funded student**) if they are enrolled in an **ECS program** and are either **developmentally immature** or are entering an **ECS program** for the first time. Any other situations involving registering an over age child require special approval by the School Finance Branch.

9. **Children with mild/moderate disabilities/delays** or children who are gifted and talented and who are over the age of 3 years 6 months but less than 4 years 6 months old on September 1, who are enrolled and identified after the **September count date** and are reported on the **March count**, will be eligible for 50 per cent ECS base instruction funding.
10. When a **funded child** (not a **child with special education needs**) lives in a remote area and there is no ECS program offered in a **school** within a reasonable transportation **distance**, the **school jurisdiction** may provide an **ECS home program**. A certificated teacher must plan, deliver and evaluate the program and the program must have at least 22 visits to the family home for a minimum of 1.5 hours each to be considered equivalent to a basic 475-hour Kindergarten program. The frequency, setting and structure of an **ECS home program** must be determined in consultation with **parents**. An **ECS home program** is not a home-education Kindergarten program and it is not **family-oriented programming**.

These students are also eligible for ESL funding (section 1.6). No additional funding is provided for other courses completed during these semesters. Also:
 - i. If an **ESL funded student** (as described above) is not enrolled in at least one ESL course, they will be funded on a CEU basis for the non-ESL courses taken.

9. Criteria for funding high school courses:

- a) High school courses delivered to students and claimed for funding must meet the conditions in this Funding Manual, *The Guide to Education: ECS to Grade 12* and all other Alberta Education legislation, regulations and policies.
- b) A regular course (non-career technology studies) submitted as complete (COM) or withdrawn (WDR) is considered completed for funding purposes when:
 - i. a student has earned a final mark of 50 per cent or greater in the course; or
 - ii. a student has earned a final mark of 25 per cent or greater but less than 50 per cent in the course, and has attended at least 50 per cent of the classes in the course or has worked on and been assessed on at least 50 per cent of the course content. When a student changes from one course to another within an academic program in the same **term** (e.g. student switches from Social Studies 10-1 to Social Studies 10-2), **school authorities** shall only claim one course for funding.

For diploma examination courses, (i) and (ii) only apply to the school-awarded portion of the mark.

- c) A one-credit career technology studies (CTS) course submitted as COM, incomplete (INC) or WDR is considered completed for funding purposes when a student has worked on and been assessed on at least 50 per cent of the course content.
- d) Funding is provided for repeated courses if the funding criteria in this section are met and the previous course mark was less than 100 per cent.
- e) Funding will not be provided for a CTS course if the prerequisite(s) was not completed and/or waived in the same term or a prior term.
- f) For regular courses submitted as COM or WDR and delivered to students online or by distance learning, the attendance funding criteria may not apply (refer to 9b).
- g) For all regular and CTS courses, **schools** must maintain course outlines, detailed assessment records of student work in the course, records of student withdrawal, and final marks. Attendance records must also be maintained for non-CTS courses.

REVISED

- h) Work Experience courses will be funded when the student has earned a mark of 25 per cent or greater.
 - i. the student has completed a minimum of 75 hours on the worksite to be funded for their first 3 credits.
 - ii. the student has completed a minimum of 25 hours for each credit earned thereafter to a maximum of 250 hours (10 credits).
 - iii. when the student works a total number of hours not divisible by 25 hour increments, the school will be funded for the lowest number of credits earned (e.g., if a student works 112 hours, they will be funded for a 4 credit course for the 100 hours worked, regardless if they registered for a higher credit course. To achieve 5 credits, the student would have to work for at least 125 hours).
 - iv. time sheets for Work Experience must be recorded and signed by the student and the employer.

NEW

- i) Funding will not be provided for an off-campus course if the prerequisite HCS3000; Workplace Safety Systems is not completed by the student prior to the student's placement in the first off-campus learning experience. Students enrolled in Knowledge and Employability off-campus education courses may use Workplace Readiness 10-4 in lieu of HCS3000: Workplace Safety Systems as the prerequisite.

10. Course Completion Status Codes:

All course submissions for funding require a course completion status code. The following describes the status codes:

- a) A COM status should be used when a student finishes a regular course or when a student successfully completes a CTS course. A course completion status of COM may be used for all courses.

- b) A WDR status should be used when a student chooses not to complete a course and the **school** agrees to remove the student from the course. When a completion status of WDR is used, the course will not appear on a student's transcript. A course completion status of WDR may be used for all courses.
- c) An INC status should be used when a student does not withdraw from a CTS course yet does not demonstrate mastery of all the learner expectations identified in the Programs of Study. An incomplete status has no associated mark(s).

11. CEU Funding Recovery Schedule:

- a) a 10 per cent funding recovery will be applied for violation of requirement of access to a minimum number of instructional hours as follows:
 - i. courses where access to instruction is found to be less than 25 hours per high school credit or 20.8 hours per credit for a 3-credit course;
 - ii. when a school timetables several high school courses in the same block and the access to instruction for courses offered is found to be less than 25 hours per credit;
 - iii. courses/classes with unreasonably high enrolments where it is determined that it is not reasonable or possible for a large number of students to have access to 25 hours of instruction per credit; and
 - iv. where a high school student does not have access to at least 1,000 hours of instruction.
- b) a 100 per cent funding recovery will be applied when:
 - i. courses taught did not follow the *Programs of Study*;
 - ii. a school that has been assessed a penalty previously, continues to be non-compliant; or
 - iii. courses have both access to instruction and *Programs of Study* contraventions.
- c) a 75 per cent funding recovery will be applied when Special Projects do not meet the programming requirements set out in the *Guide to Education: ECS to Grade 12*.

FEES AND DEDUCTIONS

1. Alberta School Boards Association (ASBA)

The Alberta School Boards Association (ASBA) has requested Alberta Education to deduct the ASBA membership fees plus GST from the instruction funding for most **school jurisdictions**. These deductions will be reflected on the October and April funding statements. The deduction is calculated by multiplying a weighted student count times a fee per student (set annually by the ASBA), plus a \$6,500 basic fee charged to each **school board**.

If a **school board** wishes to be billed directly by the ASBA for membership fees (rather than continue the automatic deduction by Alberta Education), they should submit a written request to the ASBA before the start of the **school year** and send a copy to the Director of the School Finance Branch, Alberta Education.

3. Deduction for System Administration and Board Governance

Alberta Education will be processing a deduction from **school jurisdictions** payments equivalent to 10 per cent of boards' allowable administration maximum. The deduction will be calculated based on total expenditures in the 2014/2015 audited financial statements. For the 2016/2017 school year, the total deduction will be recovered from the monthly payments for September 2016 to March 2017.

ALLOCATION FORMULA

1. The funding amount paid will be the lesser of:
 - a) the program unit ceiling amount;
 - b) the approved budget; or
 - c) the actual costs.

2. a) calculation of the ceiling amount for a program unit with one PUF child:

i. Centre-Based Programming;

Ceiling Amount	=	$\frac{\text{\# of centre hours (max. 800)}}{800 \text{ hours}}$	X	Rate for one program unit funded child
----------------	---	--	---	--

ii. Combined Program: Centre-Based And **Family-Oriented Programming Sessions**.

Ceiling Amount	=	$\left(\frac{\text{\# of centre hours (max. 800)}}{800 \text{ hours}} + \frac{\text{\# of sessions (min. 4, max 36)}}{36 \text{ sessions}} \right)$	X	Rate for one program unit funded child

PLUS: for each additional PUF child in the unit, the ceiling calculation is:

$\left(\frac{\text{\# of centre hours (max 800)}}{800 \text{ hours}} + \frac{\text{\# of sessions (min 4, max 36)}}{36 \text{ sessions}} \right)$	X	Rate for each additional PUF child in a unit
--	---	--

c) calculation of the ceiling amount when a child's program starts after September 30 or ends before May 25 will be the lesser of the following ceiling calculations:

- a pro-rated ceiling based on the number of months of the child's PUF program multiplied times \$2,505 per month; or
- the ceiling calculation as shown in 2 a) (i) or (ii) – whichever is applicable.

d) maximum funding for a program unit child is based on 800 hours of centre-based programming or 36 **family-oriented programming** sessions or combination thereof.

ALLOCATION CRITERIA

- PUF may be paid to a **school authority** for each eligible **child with a severe disability/delay** for a maximum of three years.
- To be eligible for funding, a **child with a severe disability/delay** must be at least 2 years 6 months of age and less than 6 years of age on September 1.
- School authorities** will use the *Special Education Coding Criteria* to determine the child's eligibility and proper coding.
- NEW** Assessment information must be sent to the Learner Services Branch for pre-approval of each child's eligibility prior to submission of a PUF application. All ECS Operators use the Program Unit Funding (R.669) SharePoint site to submit required documentation, locate resources and receive announcements about the program unit funding application process.
- Payment is based on approval of a PUF application. Each **school authority** is only allowed to submit one PUF application that lists all children who are eligible for PUF.
- Only one **school authority** will be funded for a PUF eligible child for the same time period. When a PUF child moves from one **school authority** to another one, the first school authority must revise the child's program end date on the PUF application and the second **school authority** must submit a PUF application for the time the child is with them.

7. A **child with a severe disability/delay** who:
 - a) is at least 5 years 6 months but less than 6 years of age on September 1 of the school year in which he/she is counted; and

Section 1.8 — First Nations, Métis and Inuit (FNMI) Education Funding

ALLOCATION FORMULA

FNMI Education Allocation	=	# of FTE FNMI children/students	X	FNMI Rate
---------------------------	---	---------------------------------	---	-----------

ALLOCATION CRITERIA

1. This funding is provided to assist school jurisdictions meet their local needs for FNMI students/children who may require program planning and instructional supports to achieve grade level expectations.
2. FNMI funding for **school jurisdictions** is based on the number of self-identified FNMI **FTE children/students**. Funding for level 2 **accredited funded private schools** is based on the number of self-identified FNMI **FTE students** only. Note: does not include FNMI **FTE children**.
3. The following types of self-identified FNMI students/children who reside off reserve are funded by Alberta Education and should be coded as follows:
 - a) Code 331 Aboriginal Learner – Status Indian/First Nations
 - b) Code 332 Aboriginal Learner – Non Status Indian/First Nations
 - c) Code 333 Aboriginal Learner – Métis
 - d) Code 334 Aboriginal Learner – Inuit.

These students/children are offered the option to self-identify through a signed declaration on the school registration form. **Schools** are then responsible to ensure that students and parents are provided with an opportunity annually to verify demographic information on the student record. This may be done in a variety of ways, depending on school authority procedures. For more information on annual verification, please see the *Information for School Authorities* document on the Aboriginal Learner Data Collection Initiative (ALDCI) webpage.

4. **First Nations students who reside on a reserve** and who attend an Alberta school off reserve, are funded by the Government of Canada and do not qualify for funding under this section. These students should be coded 330 for funding purposes.
5. In addition to the 330 code, they should also be coded as 331 if they choose to self-identify for data collection purposes under the ALDCI. Therefore, both codes may be entered for these students and the 330 code will override the 331 for funding purposes.
6. **Funded students** enrolled in home education, **blended** or online programs are not eligible for funding under this section.

Section 1.9 — Socio-Economic Status (SES) Funding

ALLOCATION FORMULA

SES Allocation	=	Incidence Rate	X	FTE funded enrolment	X	SES Rate
----------------	---	----------------	---	----------------------	---	----------

1. Incidence rates for **school jurisdictions** and **charter schools** are determined by School Finance using the following six indicators – the first five are provided by Statistics Canada and the last one by Alberta Education:
 - a) average number of years of education of mothers in families with children;
 - b) per cent of families, with children, headed by a lone parent;
 - c) per cent of families, with children, who own their dwelling;
 - d) average income of families with children;
 - e) per cent of parents, with children, who have no post-secondary education; and
 - f) transience rate, based on a student mobility rate.
1. The incidence rate for **Francophone Regional Authorities** is the weighted average of the incidence rates of the public and separate **school jurisdictions** in which each of the **schools** is located.
3. Students enrolled in home education are not counted for funding under this section.

Section 1.10 — Inclusive Education Funding

This funding supports inclusive education to ensure school jurisdictions have the flexibility to support the unique needs of every **funded child/student**.

School jurisdictions are eligible for all four allocations below. **Charter schools** are only eligible for the additional per student allocation (#4 below).

SCHOOL JURISDICTION ALLOCATION FORMULA

Inclusive Education	=	Supports and Services Allocation	+	Differential Modifiers Allocation	+	Program Equity Allocation	+	Additional Per Student Allocation
---------------------	---	----------------------------------	---	-----------------------------------	---	---------------------------	---	-----------------------------------

1. SUPPORTS AND SERVICES ALLOCATION

This component provides funding for supports and services that benefit all students in an inclusive education system, such as instructional and community supports.

FTE Funded Enrolment	X	Supports and Services Rate
-----------------------------	----------	----------------------------

2. DIFFERENTIAL MODIFIERS ALLOCATION

This component recognizes differential modifiers that address diversity factors that vary across boards to ensure an equitable distribution of funding. These modifiers are research-based incidence indicators in three areas: socio-economic, diagnostic and geographic.

Differential Factor Funding	Data Source	Funding Trigger
Average Income	Statistics Canada	If below provincial average
% Who Own Dwelling	Statistics Canada	If below provincial average
Mothers' Average Years of Education	Statistics Canada	If below provincial average
% Lone Parent Families	Statistics Canada	If above provincial average
% Parents No Degree / Certificate	Statistics Canada	If above provincial average
Low Weight for Gestational Age	Alberta Health	If in highest tier
First Nations, Métis and Inuit	Self-Identified	If above provincial average
Refugee*	Immigration, Refugees and Citizenship Canada	If students are identified
Children In Care	Alberta Human Services	If above provincial average
Distance	Alberta Education / Jurisdictions	If central office > than 40 km from a major centre

*see definition of **Refugee Student** in the Glossary

3. PROGRAM EQUITY ALLOCATION

If the 2016/2017 Inclusive Education funding for supports and services plus differential modifiers is less than what a jurisdiction received in 2011/2012 funding for severe disabilities profile plus ECS mild/moderate and ECS gifted/talented, the jurisdiction will receive a program equity allocation equal to their 2012/2013 program equity allocation adjusted for enrolment.

4. ADDITIONAL PER STUDENT ALLOCATION (for **school jurisdictions and charter schools**)

FTE Funded Enrolment	X	Additional Per Student Rate
-----------------------------	----------	-----------------------------

ALLOCATION CRITERIA

1. **School jurisdictions** are eligible for funding under all four allocation components in this section. **Charter schools** are only eligible for the additional per student funding allocation.
2. **Program unit funded children** are not counted for funding under this section.
3. **Accredited funded private schools** and **private ECS operators** are not eligible to receive funding under this section.
4. To receive inclusive education funding for refugee students, students must be coded as 640. **Refugee students** will be included in the inclusive education funding calculation for a maximum of five years.
5. **School jurisdiction** inclusive education allocation amounts and grant calculation sheets are available on the Extranet under School Finance.

Section 1.11 — Northern Allowance Funding

ALLOCATION FORMULA

$$\text{Northern Allowance Allocation} = \left(\begin{array}{l} \text{Lower} \\ \text{Zone FTE} \\ \text{funded} \\ \text{enrolment} \end{array} \times \begin{array}{l} \text{Lower} \\ \text{Zone} \\ \text{Rate} \end{array} \right) + \left(\begin{array}{l} \text{Intermediate} \\ \text{Zone FTE} \\ \text{funded} \\ \text{enrolment} \end{array} \times \begin{array}{l} \text{Intermediate} \\ \text{Zone} \\ \text{Rate} \end{array} \right) + \left(\begin{array}{l} \text{Upper Zone FTE} \\ \text{funded enrolment} \end{array} \times \begin{array}{l} \text{Upper Zone} \\ \text{Rate} \end{array} \right)$$

ALLOCATION CRITERIA

- Northern allowance funding is provided to eligible **school jurisdictions** based on the **FTE funded enrolment** of all **schools** located in their respective zones. Funding for eligible level 2* **accredited funded private schools** is based on **FTE funded enrolment**.
- Zones are described as follows:
 - Lower Zone – **schools** located between the 55th and 56th parallels of latitude.
 - Intermediate Zone – **schools** located between the 56th and 57th parallels of latitude.
 - Upper Zone – **schools** located north of the 57th parallel of latitude.
- The zone in which a **school** is located is determined from the legal land description of the physical location of the **school**.
- Funded students** enrolled in **home education, online programs** and Hutterite colony schools are not eligible for funding under this section.

*As per Accountability and Declaration Form 16AE3.0

Section 1.12 — Small Schools by Necessity Funding

Metro **school jurisdictions** and **Charter Schools** are not eligible for this funding

ALLOCATION FORMULA

$$\text{Small Schools by Necessity} = \left(\begin{array}{l} \text{Total} \\ \text{Base} \\ \text{Allocation} \end{array} + \begin{array}{l} \text{Total} \\ \text{Variable} \\ \text{Allocation} \end{array} \right) \times \left(\frac{\text{Total \# of Small Schools by Necessity}}{\text{Total \# of Small Schools}} \right) + \text{Closed School Allocation (where applicable)}$$

- TOTAL BASE ALLOCATION:
 - for each school with a **FTE funded enrolment** of 150 or fewer, the base allocation = \$88,281.
 - for each school with a **FTE funded enrolment** greater than 150 but fewer than 226, the base allocation is calculated as follows:

$$\text{Base Allocation} = \$88,281 - \left[\left(\frac{\$88,281}{76} \right) \times \left(\text{FTE Funded Enrolment} - 150 \right) \right]$$

The total base allocation is the sum of a) and b) for all schools in each category.

2. TOTAL VARIABLE ALLOCATION:

Each school is categorized according to table 1 below. A school that does not fit clearly into one of the categories in the table should be included under the category that is a best fit. For example, a school with enrolment in grades 7 to 9 or a school with enrolment in K to 8, the best fit category would be K to 9. For a school with enrolment in grades 9 to 12, the best fit category would be K to 12.

TABLE 1

Grade Category	School Rate	Peak Enrolment	Small School FTE Funded Enrolment Limit	# of Grades in the Grade Configuration
K to 3	\$588.54	40	80	3.5
K to 6	\$1,650.36	80	150	6.5
K to 9	\$1,884.96	80	220	9.5
K to 12	\$2,943.72	80	290	12.5

Once each school is categorized, the data from table 1 is used in the following formulas to calculate the variable allocation for each school.

The total variable allocation is the sum of a) and b) for all schools in each category.

$$\text{Variable Allocation} = \text{Unadjusted FTE funded enrolment rate} \times \text{Grade Factor} \times \text{FTE funded Enrolment}$$

Where

$$\text{Grade Factor} = \frac{\text{Actual \# of Grades with FTE funded enrolment}}{\text{\# of Grades in the Grade Configuration}}$$

And

For each school with a '**FTE funded enrolment**' fewer than or equal to the Peak Enrolment (see Table 1):

$$\text{a) Unadjusted FTE funded enrolment rate} = \left(\frac{\text{School Rate}}{\text{Peak Enrolment}} \right) \times \text{FTE funded enrolment}$$

b) For each school with a '**FTE funded enrolment**' greater than the peak enrolment but fewer than or equal to the small school ***FTE funded enrolment** limit (see Table 1):

$$\text{Unadjusted FTE funded enrolment rate} = \text{School Rate} - \left[\text{Smoothing Factor} \times \left(\text{FTE funded enrolment} - \text{Peak Enrolment} \right) \right]$$

Where

$$\text{Smoothing Factor} = \frac{\text{School Rate}}{\text{Small school FTE funded Enrolment Limit} - \text{Peak Enrolment}}$$

3. TOTAL NUMBER OF SMALL SCHOOLS:

The total number of small schools is the total number of schools in the jurisdiction that have been allocated funding for either the base or variable allocations, or both.

4. TOTAL NUMBER OF SMALL SCHOOLS BY NECESSITY:

For funding purposes, each small school (identified in # 3) is deemed to be 'necessary' or 'not necessary' based on the transportation of its **FTE weighted enrolment** to nearby receiving schools in accordance with the following rules:

- a) the **distance** from the small school to the receiving schools must be within 25 km for schools in rural areas, and within 6 km for schools in urban areas. Urban areas are defined as Edmonton, Calgary, Red Deer, Lethbridge, Medicine Hat, Fort McMurray, Grande Prairie, St. Albert, Sherwood Park, Spruce Grove, and Stony Plain.
- b) the receiving schools must have available capacity to accommodate the additional students. Available capacity at a receiving school is defined as 85 per cent of the **school building** capacity, less the **FTE weighted enrolment**.
- c) the small school **FTE weighted enrolment** can be designated to a maximum of two receiving schools per grade configuration. Grade configurations are defined as K – 6, 7 – 9, and 10 – 12.

If all conditions above are met, the small school under scrutiny will be considered not necessary. If any of the conditions above are not met, the small school will be considered by necessity. The total number of small schools by necessity is the total number of schools that do not meet all three conditions.

5. CLOSED SCHOOLS ALLOCATION:

The funding is provided at declining rates as follows:

First Year School Closed	100% of Small Schools by Necessity Funding
Year 2	75%
Year 3	50%
Year 4	25%
Year 5	0%

6. Students enrolled in **schools of choice** such as **outreach**, home education, alternative programs and Hutterite colony schools are not counted for funding under this section.
7. **School jurisdiction** Small Schools by Necessity Grant Calculation Sheets are available on the Extranet under School Finance.

Section 1.13 — Small Board Administration Funding

ALLOCATION FORMULA

Funding is provided to eligible **school jurisdictions** using a), b) or c) below:

Small School Board Administration Allocation	=	a) \$470,825.88 for a school jurisdiction (excluding charter schools) with FTE funded enrolment of 2,000 students or less										
		OR										
		b) For a school jurisdiction (excluding charter schools) with a FTE funded enrolment between 2,000 and 3,000:										
		$\$470,825.88 - \left[\$470.83 \times \left(\text{FTE funded enrolment} - 2,000 \right) \right]$										
		OR										
		c) For charter schools use the following formulas:										
		<table border="1"> <thead> <tr> <th>FTE Funded Enrolment</th> <th>Allocation Formula</th> </tr> </thead> <tbody> <tr> <td>i. Less than 500</td> <td>\$193,837</td> </tr> <tr> <td>ii. Section 1.14 — Equity of Opportunity Funding

ALLOCATION FORMULA

$$\text{Equity of Opportunity} = \text{Per Student Allocation} + \text{Density Allocation} + \text{Distance Allocation}$$

1. PER STUDENT ALLOCATION

$$\text{FTE Funded Enrolment} \times \$101$$

School jurisdictions, charter schools, accredited funded private schools and private ECS operators are eligible for funding under the Per Student allocation. Level 1 and 2 **accredited funded private schools** receive 60 per cent and 70 per cent, respectively, of the **school jurisdiction** rate.

Home education students are not counted for this allocation.

School jurisdictions and **charter schools** receive a minimum of \$60,000 under this allocation.

2. DENSITY ALLOCATION

$$\left(\frac{\text{Effective Transportation Area}}{\text{FTE Equity of Opportunity Enrolment}} \right) \times \text{FTE Remote Rural Enrolment} \times \$420$$

Only **school jurisdictions** with **schools** in population centres of less than 5,000 people are eligible for funding under the Density allocation.

Effective transportation area is the same as that used in the calculation of rural transportation funding.

FTE remote rural enrolment is defined as **funded children/students** enrolled in **schools** in population centres comprised of fewer than 5,000 people.

The following are not eligible for funding under the Density allocation: **charter schools, accredited funded private schools, private ECS operators**, home education programs, **online programs** (Code 620), institutional programs (Code 550) and Hutterite colony schools.

3. DISTANCE ALLOCATION

$$\left(\text{One-way distance of school to closest Major Service Centre} - 40 \text{ kms} \right) \times \text{FTE Equity of Opportunity Enrolment} \times \$1.45$$

Only **school jurisdictions** and **charter schools** with **schools** that are farther than 40 kilometers from a Major Service Centre are eligible for funding under the Distance allocation.

The following are not eligible for funding under the distance allocation: **accredited funded private schools, private ECS operators**, Home Education programs, **online programs** (Code 620), institutional programs (Code 550) and Hutterite colony schools.

A major service centre is defined for this allocation as Calgary, Edmonton, Grande Prairie, Lethbridge, Medicine Hat and Red Deer.

Section 1.15 — Hutterite Colony Schools Funding

ALLOCATION FORMULA

Hutterite Colony School Funding	=	# of colony schools with funded children/students	X	Rate per colony school
---------------------------------	---	--	---	-------------------------------

A **school jurisdiction** may only charge a fee when it can substantiate that the cost of providing services for students in colony **schools** exceeds the funding they are receiving for those students. In these situations an application must be made to the Assistant Deputy Minister, Strategic Services and Governance Division, for permission to levy a fee on individual Hutterite colonies.

Before making application, **school jurisdictions** must have:

1. pooled all funding associated with the colony **school(s)** – this includes Hutterite colony schools funding, base instruction funding, socio-economic status funding, etc.; and
2. proof of consultation with the Hutterite colony affected when developing the application.

Section 1.16 — Francophone Equivalency (Francophone Regional Authorities)

ALLOCATION FORMULA

Francophone Equivalency Access (FEA) Funding	=	Eligible # of funded students Grade 1 - 12	X	FEA Rate
--	---	---	---	----------

ALLOCATION CRITERIA

In accordance with the *Canadian Charter of Rights and Freedoms* (section 23), this funding is available to **Francophone Regional Authorities** to allow students access to programming that is equivalent to that being offered by English-language schools.

Section 1.17 — Plant Operations and Maintenance (School Jurisdictions)

ALLOCATION FORMULA

Plant Operations and Maintenance Allocation	=	$\left[\text{Base Line Funding} \times \left(1 + \frac{\text{Sparsity-Distance Factor}}{\text{Distance Factor}} \right) \right]$	+	Travel Time Allowance	+	Small Schools by Necessity Differential
---	---	--	---	-----------------------	---	---

REVISED

1. BASELINE FUNDING

The POM calculation is based on the following rates applied to the **FTE Funded enrolment** taken from the **Frozen Funded Head Count** of the previous year. For the purpose of this grant, a student in an **online program** (code 620) is counted at 0.1 FTE and an ECS funded child with severe disabilities (PUF) is counted at 1.5 FTE.

Grades	Rate per Funded FTE
K – 6	\$795.30
7 – 9	\$751.18
10 – 12	\$755.38

2. SPARSITY-DISTANCE FACTOR:

3. TRAVEL TIME ALLOWANCE:

This component allows for maintenance staff travel time and is determined by taking the previous year's travel time allowance amount and adding any grant rate increase to it.

4. SMALL SCHOOLS BY NECESSITY (SSBN) DIFFERENTIAL:

- a) This component is a supplemental adjustment for SSBN and is the sum of the following calculations:
 - i. SSBN Differential X K-6 per cent of total funded enrolments X \$795.30 per student
 - ii. SSBN Differential X Gr. 7 – 9 per cent of total funded enrolments X \$751.18 per student
 - iii. SSBN Differential X Gr. 10 – 12 per cent of total funded enrolments X \$755.38 per student
- b) Each school's SSBN Differential is determined as follows:
 - i. (school's capacity X 85 per cent) less school's enrolment,
 - ii. the total SSBN differential is the sum of the SSBN differentials calculated for each school.

The "per cent of total funded enrolments" is calculated by dividing the previous year funded enrolment for the grade range by the total previous year funded enrolment (across all grades) for the **school jurisdiction**. The jurisdiction's previous year "funded enrolments" are calculated using the same criteria as for the baseline funding component.

The SSBNs used in this formula are those that qualified for SSBN funding in the previous **school year**.

5. Metro **school jurisdictions** and **charter schools** are not eligible for the SSBN component of this funding.
6. **School jurisdictions** that provide permanent leased space to another **school authority** for educational purposes and that receive infrastructure maintenance and renewal funding for that space in lieu of lease support funding, will receive an adjustment/increase to its plant operations and maintenance funding allocation to recognize the ongoing insurance and administrative costs associated with the leased space.
7. **School jurisdictions** will be advised of their allocation amount by email from the School Finance Branch. Plant operations and maintenance grant calculation sheets are available on the Extranet under School Finance.

Section 1.18 — Charter Schools Funding

ALLOCATION FORMULA

The funding formula and rates under Part 1, Part 3, Part 5, Part 6 and Part 8 that apply to **school jurisdictions** also apply to **charter schools**. However, **charter schools** are not eligible to claim funding under sections 1.3 (Home Education), 1.12 (Small Schools by Necessity), and 6.5 (Debt Retirement).

ALLOCATION CRITERIA

1. BASE INSTRUCTION FUNDING

Funds are provided to **charter boards** for each **funded child/student** enrolled in an established **charter school** whose charter has been approved by the **Minister**.

2. TRANSPORTATION

- a) A **charter board** can enter into a transportation agreement with a **school jurisdiction** for student transportation. Under such an agreement, the local **school jurisdiction** may claim funding for the transportation of the **charter school** students as if they were students of the **school jurisdiction**.
- b) If a **charter board** is unable to reach an agreement with a **school jurisdiction** for the transportation of its urban students, the **charter school** may claim transported **eligible passengers** at the metro urban regular transportation rate.
- c) **Charter boards** that are unable to reach an agreement with a **school jurisdiction** for the transportation of their rural students may claim, with respect to each **eligible passenger** resident in a **rural school jurisdiction**, the base **density** rate provided per **eligible passenger** transported for which the **board** of that **rural school jurisdiction** is eligible. Where an eligible passenger resides within the boundaries of a separate district, funding will be provided for that eligible passenger at the lowest **density** rate between the separate district and the public district.
- d) For parent-provided transportation, a **charter board** must have signed agreements/contracts in place and on file by October 31. The amount that a parent is reimbursed must take into consideration the transportation funding the authority receives for the student along with the cost of providing comparable service.

REVISED

3. Funding for an ECS **child with mild/moderate disabilities/delays** or a child who is gifted and talented attending **charter schools** is provided based on the eligibility of the individual child and on the mild/moderate disabilities/delays, gifted and talented rates in section 8.2. **Charter schools** must comply with the Conditions and Requirements outlined in section 2.2.
4. Funding for **students with severe disabilities** attending **charter schools** is provided based on the eligibility of individual students and on the severe disability rates in section 8.3. **Charter schools** that have **students with a severe disability** must comply with the Conditions and Requirements outlined in section 3.3.
5. The student count used by a **charter school** as of the **September count date** must not include students counted by another **school authority** on the **September count date**.

TRANSPORTATION

Section 1.19 — Boarding Funding

ALLOCATION FORMULA

$$\text{Boarding Allocation} = \frac{\text{\# of funded students eligible for funding}}{\text{Funding Rate for Boarding}} \times$$

ALLOCATION CRITERIA

- The **parents** of the eligible **funded student** must reside in the **school jurisdiction**.
- Boarding funding is paid if the **funded student** is directed by a **board** to attend a **school** in Alberta under section 53 of the *School Act* or a program of studies prescribed by the **Minister** and as a result of attending that school the student is unable to live in the residence of the student's parent.
- Funding for boarding is not paid to a **school jurisdiction** for a **resident student** who is:
 - attending a **private school** outside Alberta when the education program has not been previously approved by the **Minister**; or
 - enrolled after the **September count date**;
 - boarded after November 30.

Section 1.20 — Rural Transportation Funding

ALLOCATION FORMULA

- A rural **school jurisdiction** may apply for the following rural transportation funding:
 - Rural Transportation Support

$$\text{i. Basic Allocation} = \frac{\text{Eligible Passenger/Eligible Transported ECS Child}}{\text{Applicable Rural Transportation Rate}} \times$$

PLUS

$$\text{ii. Distance Allocation} = \frac{\text{Applicable Eligible Transportation Distance (kms) for each Eligible Passenger/Eligible Transported ECS Child}}{\text{Applicable Distance Rate}} \times$$

Total rural transportation support is the sum of the amounts calculated in i) and ii) above multiplied by the applicable weighting factor for each **eligible passenger** and **eligible transported ECS child**.

- Inter-School Transportation Support

Support to a rural **school jurisdiction** for a bus providing inter-school transportation to each group of 66 weighted **eligible passengers**, or portion thereof, is calculated as follows:

$$\text{Inter School Allocation} = \frac{\text{Daily kms (not including deadhead kms) of inter school transportation for the bus}}{\text{\# of days of inter-school transportation in the school year for the bus}} \times \text{Support Rate}$$

The total annual support for inter-school transportation is the aggregate of the amounts calculated for each bus providing inter-school transportation.

c) Cooperative Transportation

In addition to regular rural transportation funding (above), **boards** that are transporting non-resident students who are **eligible passengers/eligible transported ECS children** - through a cooperative bussing arrangement- to a **school** of the **board**, or to another **school jurisdiction**, are eligible for the following funding incentive:

# of non-resident eligible passenger/eligible transported ECS children transported under a cooperative bussing arrangement	X	50% of the transporting board's Density Rate
---	---	---

If a cooperative transportation agreement between two jurisdictions is terminated, transportation funding for students in both jurisdictions will remain at the per student rate that existed when the agreement was in place excluding cooperative transportation funding.

d) Bus Modification or Purchase Allowance to Accommodate Wheelchair Passengers
Refer to section 1.23, Special Transportation

ALLOCATION CRITERIA

1. General:

- Funding is provided for an **eligible passenger** or **eligible transported ECS child** who resides in a rural area or a city, town, village or hamlet with a population of less than 10,000 (per most recent Municipal Affairs census). For municipalities with a population of 10,000 or greater refer to section 1.21 Urban Transportation.
- Where the net support for student transportation of a **board** decreases in excess of 3 per cent as a result of a community population reaching 10,000 or as a result of movement between **density** grid columns, an adjustment may be determined for that jurisdiction based on the amount greater than 3 per cent.
- For parent-provided transportation, rural **school jurisdictions** must have signed agreements/contracts in place and on file by October 31. The amount that a parent is reimbursed must take into consideration the transportation funding the jurisdiction receives for the student along with the cost of providing comparable service.
- Funding is not provided for a **funded student** counted under section 1.23 Special Transportation or a **funded child** counted under section 1.25, ECS Special Transportation.
- Eligible passengers** with severe disabilities who ride on a regular route **school bus** will be claimed under this section using the rural transportation rate and are not eligible for funding under section 1.23, Special Transportation.
Students with disabilities who cannot, because of the severity of their disability, ride a regular route **school bus** can be claimed under section 1.23, Special Transportation. (NOTE: all students on designated buses must be claimed under the same section.)
- First Nations Students who reside on a reserve** are not eligible for transportation funding.

2. Rural Transportation Funding:

- Funding shall be based on the eligible **distance** from the student's residence to the nearest school in the attendance area or transportation service area in which the student resides.
If the student is directed by the **board** to attend another **school** for any of the following program considerations and the **school board** at its discretion transports the student to that school, transportation support shall be paid based on the **distance** from the student's residence to the school to which the student was directed. The following is a list of program considerations:
 - Alternative French language programs** (including French immersion and bilingual programs) and **other language immersion programs**;
 - Special education programs to meet the needs of **students with severe disabilities**;
 - Special education programs to meet the needs of students with mild/moderate disabilities and gifted and talented students when **board** criteria have been met;
- High school CTS programs offered to an advanced level in a specialized classroom facility where the course curriculum requires the instructor to have the technical trade

qualification (i.e., mechanics, fabrication studies, cosmetology and construction technology).

If a **board** directs a **funded student** to a **school** outside their jurisdiction for any of the program considerations above then an **education service agreement** is required.

- b) The eligible distance criteria does not apply in the following situations:
 - i. An employee of a **school jurisdiction** accompanying a **student with a severe disability** or a **child with a severe disability/delay** who is transported to and from **school**.
 - ii. A **student/child with a severe disability** (except those coded as 45 or 47) requiring transportation to and from **school** and who is unable to walk safely to **school** as a result of their disability.
 - c) If a **resident student** of a **board** is enrolled in a **school** of the **parent's** choice outside the attendance area or transportation service in which the student resides, eligibility for transportation support is determined by the **distance** to the **school** nearest the student's residence.
 - d) Where a **board** has adopted over-lapping **school** attendance or transportation service areas, eligibility for funding is determined by the **distance** to the **school** nearest the student's residence.
 - e) If a student who is not a **resident student** of the **board** accesses that **board's** transportation system within the school jurisdiction boundaries of the school they are attending at a point 2.4 kilometers or more from the **school** attended, and where there is not a **transportation agreement** or an **education services agreement** between the **resident board** and the **board** providing transportation, the **board** providing transportation service may claim only the **density** support for that student.
 - f) If a **board** extends its transportation service outside its jurisdiction boundaries to provide service to a non-resident student not covered by a **transportation agreement** and an **education services agreement** between the **resident board** and the **board** providing transportation, the **board** providing transportation service is not eligible for transportation funding for that student.
 - g) A **school jurisdiction** which is providing transportation in only a portion of its area, for those **eligible passengers** residing in the jurisdiction but beyond the transportation service area and are transported through co-operative bussing arrangements with other **school jurisdictions**, area and **density** for the **school jurisdiction** shall be calculated on the basis of the area directly served by the **school jurisdiction** and the **eligible passengers** residing in that area.
 - h) If a **board** is providing transportation services under a cooperative bussing arrangement with another **board** and the two **boards** are not sharing a co-terminus area, the area of the **board** receiving transportation services will be added to the transporting **board's effective transportation area** when determining the **density** rating for the transporting **board**.
 - i) Rural Transportation Funding is available only to rural **boards** operating student transportation systems. A **board** accessing transportation services for its **resident students** through a cooperative bussing arrangement is not eligible for rural transportation funding.
 - j) A **board** transporting an **eligible passenger** of another **board** under a **transportation agreement** to the **designated school** of the **eligible passenger's resident board**, who resides outside the transportation service area of the resident **board** and accesses the bus route of the transporting **board**, may claim the **density** and the **distance** support from the **designated school** to the point where the student accesses the bus route for that **school**.
 - k) Students in a wheelchair who ride a **school bus** will be funded at 8 times the regular rate.
3. ECS Transportation:
- a) A **school jurisdiction** that claims ECS regular transportation funding must transport, or make arrangements for the transport of, **funded children** attending **ECS programs**.
 - b) A **school jurisdiction** providing transportation to and from an **ECS program** may charge the **parent** of a **funded child** a fee for the transportation service. The total amount of the transportation fee charged to **parents** shall not exceed the total costs of the provision of ECS transportation services less the ECS transportation funding the **school board** receives from Alberta Education.

- c) A **school jurisdiction** may claim **eligible transported ECS children** it transports to programs operated by another **board** or a **private ECS operator** as **eligible passengers** if the **board** has a **transportation agreement** with the other **board** or **private ECS operator**.
 - d) **ECS children with disabilities/delays** who require special transportation will be funded at the ECS special transportation rate. Transportation funding for these children must be claimed under section 1.25, ECS Special Transportation.
4. Inter-School Transportation:
- a) Inter-school transportation, for students whose courses of study require a special **school** facility or a facility with equipment not available in the **school** they attend, may be claimed for support provided that:
 - i. the course of study is prescribed by the **Minister**;
 - ii. the course of study requires a special **school** facility or a facility with equipment not available at the **school** of daily attendance for those students; and
 - iii. the course of study requires the use of the special **school** facility or the specially equipped facility for at least 18 consecutive weeks.
 - b) Outdoor education programs, recreational programs, and intermittent bussing between **schools** or to such activities as hockey or swimming programs are not eligible for inter-school transportation support.
5. Students in an **online program** or **outreach program** where they are accessing 50 per cent or more of their educational program at a **school** of the **board** or students in a **blended program**, that are transported by the **board** to a **school**, may be claimed as **eligible passengers** under Rural Transportation.

DOCUMENTATION AND REPORTING REQUIREMENTS

1. Rural **school jurisdictions** are required to submit electronically a rural funding application to the Business Operations and Stakeholder Support Branch by November 30. Payment is made on the basis of the submitted information, rural transportation allocation criteria and funding rates and in accordance with the *School Act* and the *Student Transportation Regulation*.

Note: the rural funding application includes the rural special transportation section. Refer to section 1.23 Special Transportation for rural special transportation allocation criteria.
2. Transportation support payments for each new **school year** will be paid at 100 per cent of the previous year's funded monthly amount until the review of the new funding application has been completed. If the new funding application has not been received by December 31, the January payment will be reduced to 75 per cent of the previous year funded monthly amount retroactive to September 1 and continued until the new funding application is received and reviewed.
3. Only **funded students** and **funded children** enrolled on the **September count date** are eligible for funding. Special consideration for the **September count date** may be given to **school jurisdictions** experiencing exceptional growth in transportation needs.
4. For purposes of calculating **density** support, the **effective transportation area** of the **school jurisdiction** is that taken as of the **September count date**.
5. **School jurisdictions** are required to retain the following information on file for a minimum of seven years and make it available for review by Alberta Education upon request:
 - a) geographic roadway maps of overall attendance areas and transportation service areas;
 - b) location of each student's residence (street addresses in towns, villages and hamlets, and where available in rural areas, and legal land descriptions in all other rural areas);
 - c) individual bus route lists that includes stop locations and students transported;
 - d) a list of names of **eligible transported ECS children** transported by bus and the names and grades of **eligible passengers**;
 - e) records of **route distance** verified by an official(s) of the **school jurisdiction**;
 - f) copies of **educational services agreements**;
 - g) copies of **transportation agreements** with **school boards, private schools, charter schools** and **private ECS operators**;

- h) copies of completed route risk assessment forms;
- i) copies of contracts with:
 - i. operators of contracted busses for all transportation;
 - ii. **parents** providing transportation indicating the amount to be paid; and
 - iii. agents providing special transportation for **students with disabilities**.

Section 1.21 — Urban Transportation Funding

ALLOCATION FORMULA

1. An urban **school jurisdiction** may apply for the following urban transportation funding:
 - a) URBAN TRANSPORTATION SUPPORT:

i.	Basic Allocation	=	Eligible Passenger/Eligible Transported ECS Child	X	Applicable Urban Transportation Rate
----	------------------	---	--	---	--------------------------------------

PLUS

ii.	Distance Allocation	=	Applicable Eligible Transportation Distance (kms) for each Eligible Passenger/Eligible Transported ECS Child	X	Applicable Distance Rate
-----	---------------------	---	--	---	---------------------------------

Total urban transportation support is the sum of the amounts calculated in i) and ii) above multiplied by the applicable weighting factor for each **eligible passenger** and **eligible transported ECS child**. Note: the weighting factor and distance support only applies for students transported by yellow school bus.

The funding an urban jurisdiction receives for rural students will be calculated using the rural transportation formula. These students cannot be included as **eligible passengers/eligible transported ECS children** under the Urban Transportation Formula.

- b) INTER-SCHOOL TRANSPORTATION SUPPORT:

Support to an urban **school jurisdiction** for a bus providing inter-school transportation to each group of 66 weighted **eligible passengers**, or portion thereof, is calculated as follows:

Inter-School Support	=	Daily kms (not including deadhead kms) of inter-school transportation for the bus	+	# of days of the inter-school transportation in the school year for the bus	X	Support Rate
----------------------	---	---	---	--	---	--------------

The total annual support for inter-school transportation is the aggregate of the amounts calculated for each bus providing inter-school transportation.

COOPERATIVE TRANSPORTATION

In addition to the regular urban transportation funding (a) above, **eligible passengers/eligible transported ECS children** who are transported by yellow school bus as part of an urban cooperative bussing arrangement to a **school** of the **board** or to another **school jurisdiction**, are eligible for the following funding incentive:

# of eligible passenger/eligible transported ECS children transported by yellow school bus under an urban cooperative bussing arrangement	X	15% of the applicable Urban Transportation Base Rate
--	---	--

REVISED

Both **school jurisdictions** must have a minimum of 10 per cent of the **eligible passengers/eligible transported ECS children** on an urban route in order for the route to be considered cooperative.

c) BUS MODIFICATIONS

For bus modification or purchase allowance to accommodate wheelchair passengers, refer to section 1.23, Special Transportation.

2. **Francophone Regional Authorities** within an Urban Area:

To recognize the dispersion of students for a **Francophone Regional Authority** within an urban **school jurisdiction** a weighted factor of 3.5 will be used for Francophone **eligible passengers** (Grades 1 – 12) and Francophone **eligible transported ECS children**.

$$\text{Francophone Urban Transportation Allocation} = \left(\text{Francophone eligible passengers Grades 1 to 12} + \text{Francophone eligible transported ECS children} \right) \times 3.5 \text{ (weighted factor)} \times \text{Urban Francophone transportation rate}$$

ALLOCATION CRITERIA

1. General:

- a) Funding is provided for an **eligible passenger** or **eligible transported ECS child** who resides in a city, town, village or hamlet with a population of 10,000 or greater (per most recent Municipal Affairs census). For municipalities with a population of less than 10,000 refer to section 1.20, Rural Transportation.
- b) For parent-provided transportation, urban **school jurisdictions** must have signed agreements/contracts in place and on file by October 31. The amount that a parent is reimbursed must take into consideration the transportation funding the jurisdiction receives for the student along with the cost of providing comparable service.
- c) Funding shall not be paid under this section for a **funded student** who is counted under section 1.23, Special Transportation Funding, or a **funded child** who is counted under section 1.25, ECS Special Transportation.
- d) **Eligible passengers** with severe disabilities who ride on a regular route **school bus** will be claimed under this section using the urban transportation rate and are not eligible for funding under section 1.23, Special Transportation.

Students with disabilities who cannot, because of the severity of their disability, ride a regular route **school bus** can be claimed under section 1.23, Special Transportation. (NOTE: all students on designated buses must be claimed under the same section).

- e) **First Nations students who reside on a reserve** are not counted for transportation funding.

2. Urban Transportation Funding:

- a) Transportation funding shall be based on the eligible **distance** from the student's residence to the nearest school in the attendance area or transportation service area in which the student resides.

If the student is directed by the **board** to attend another **school** for any of the following program considerations and the **school board** at its discretion transports the student to that school, transportation support shall be paid based on the **distance** from the student's residence to the school to which the student was directed. The following is a list of program considerations:

- i. **Alternative French language programs** (including French immersion and bilingual programs) and **other language immersion programs**;
- ii. Special education programs to meet the needs of **students with severe disabilities**;
- iii. Special education programs to meet the needs of students with mild/moderate disabilities and gifted and talented students when **board** criteria have been met;

- iv. High school CTS programs offered to an advanced level in a specialized classroom facility where the course curriculum requires the instructor to have the technical trade qualification (i.e., mechanics, fabrication studies, cosmetology and construction technology).

If a **board** directs a **funded student** to a **school** outside their jurisdiction for any of the program considerations above then an **education service agreement** is required.
 - b) The eligible distance criteria does not apply in the following situations:
 - i. An employee of a **school jurisdiction** accompanying a **student with a severe disability** or a **child with a severe disability/delay** who is transported to and from **school**.
 - ii. A **student/child with a severe disability** (except those coded as 45 or 47) requiring transportation to and from **school** and who is unable to walk safely to **school** as a result of their disability.
 - c) If a **resident student** of an urban **school jurisdiction** is enrolled in a **school** of the **parent's** choice outside the attendance area or transportation service area in which the student resides, eligibility for transportation support is determined by the **distance** to the **school** nearest the student's residence.
 - d) Where a **board** has adopted over-lapping **school** attendance or transportation service areas, eligibility for funding is determined by the **distance** to the **school** nearest the student's residence.
 - e) If a **board** of an urban **school jurisdiction** transports students residing less than 2.4 kilometers from the **school** within the attendance area or transportation service area in which the students reside, to a **school** other than the **school** within the attendance area or transportation service area in which the students reside because the enrolment of that **school** is equal to or greater than its rated capacity, then the number of students transported that is equal to or greater than the number of students not resident within the attendance area or transportation service area and enrolled in that **school** shall be deducted from the number of **eligible passengers** claimed for funding under this section.
 - f) An urban **school jurisdiction** may receive funding for a student who is not a **resident student** of the **board** who accesses the **board's** transportation system within the **school jurisdiction** boundaries of the **school** they are attending, at a point that is 2.4 kilometers or more from the **school** in which the student could be enrolled.
 - g) If an urban **school jurisdiction** extends its transportation service outside its jurisdiction boundaries to provide service to a non-resident student not covered by a **transportation agreement** or an **educational services agreement** between the **resident board** and the **board** providing transportation, the **board** providing transportation service is not eligible for transportation funding for that student.
 - h) Students in a wheelchair who ride a **school bus** will be funded at 8 times the regular rate.
3. ECS Transportation:
- a) A **school jurisdiction** that claims ECS regular transportation funding must transport or make arrangements for the transport of, **funded children** attending **ECS programs**.
 - b) A **school jurisdiction** providing transportation to and from an **ECS program** may charge the **parent** of a **funded child** a fee for the transportation service. The total amount of the transportation fee charged to **parents** shall not exceed the total costs of the provision of ECS transportation services less the ECS transportation funding the **school board** receives from Alberta Education.
 - c) A **school jurisdiction** may claim **eligible transported ECS children** it transports to programs operated by another **board**, a **private school**, or a **private ECS operator** as **eligible passengers** if the **board** has a **transportation agreement** with the other **board**, **private school**, or **private ECS operator**.

- d) **ECS children with disabilities/delays** who require special transportation will be funded at the ECS special transportation rate. Transportation funding for these children must be claimed under section 1.25, ECS Special Transportation.
4. Inter-School Transportation:
- a) Inter-school transportation for students whose courses of study require a special **school** facility or a facility with equipment not available in the **school** they attend, may be claimed for support provided that:
- i. the course of study is prescribed by the **Minister**;
 - ii. the course of study requires a special **school** facility or a facility with equipment not available at the **school** of daily attendance for those students; and
 - iii. the course of study requires the use of the special **school** facility or the specially equipped facility for at least 18 consecutive weeks.
- b) Outdoor education programs, recreational programs, and intermittent bussing between **schools** or to such activities as hockey or swimming programs are not eligible for inter-school transportation support.
5. Students in an **online program** or **outreach program** where they are accessing 50 per cent or more of their educational program at a **school** of the **board** or students in a **blended program**, that are transported by the **board** to a **school**, may be claimed as **eligible passengers** under urban transportation.

DOCUMENTATION AND REPORTING REQUIREMENTS

1. Urban **school jurisdictions** are required to submit electronically an urban funding application to the Business Operations and Stakeholder Support Branch by November 30. Payment is made on the basis of the submitted information, urban transportation allocation criteria and funding rates, and in accordance with the *School Act* and the *Student Transportation Regulation*.

Note: the urban funding application includes the urban special transportation section. Refer to section 1.23, Special Transportation Funding, for urban special transportation allocation criteria.
2. Transportation support payments for each new **school year** will be paid at 100 per cent of the previous year's funded monthly amount until the review of the new funding application has been completed. If the new funding application has not been received by December 31, the January payment will be reduced to 75 per cent of the previous year funded monthly amount retroactive to September 1, and continued until the new funding application is received and reviewed.
3. Only **funded students** and **funded children** enrolled on the **September count date** are eligible for funding. Special consideration for the **September count date** may be given to **school jurisdictions** experiencing exceptional growth in transportation needs.
4. **School jurisdictions** are required to retain the following information on file for a minimum of seven years and make it available for review by Alberta Education upon request.
 - a) geographic roadway maps of overall attendance areas and transportation service areas;
 - b) location of each student's residence (street addresses in towns, villages and hamlets);

Section 1.22 — Metro Urban Transportation Funding

ALLOCATION FORMULA

1. a) The number of **expected eligible passengers** to be included in the Metro Urban Transportation Funding formula is determined as follows:

(Residential Area x 75.80)	+	$\left(\begin{array}{c} \text{Funded} \\ \text{students} \\ \text{and} \\ \text{funded} \\ \text{children} \end{array} \times 0.7300 \right)$	=
LESS,			
0.75 (# ECS Elem. Schools)	x	Lesser of: Average ECS-Elem. School enrolment in the jurisdiction or the average school enrolments for the 4 metro urban jurisdictions	=
0.400 (# of Jr. High Schools)	x	Lesser of: Average Jr. High School enrolment in the jurisdiction or the average school enrolments for the 4 metro urban jurisdictions	=
0.250 (# of Sr. High Schools)	x	Lesser of: Average Sr. High School enrolment in the jurisdiction or the average school enrolments for the 4 metro urban jurisdictions	=
		Expected Eligible Passengers	=

- b) The Metro Urban Transportation Funding a metro urban district may receive is determined as follows:

$$\text{Metro Urban Transportation Funding} = \left(\text{Expected Eligible Passengers} \times \text{Metro Urban Transportation Block Funding} \right) + \left(\left[0.8 \times \text{Severely Disabled Students (Grades 1 - 12)] (per Severe Disability profile)} \times \text{Special Transportation Rate} \right) \right)$$

- c) ECS **funded children** will be included in the metro urban transportation funding formula with the following adjustments to the coefficients/benchmarks:
- the average elementary **school** size will be adjusted to include ECS **funded children**;
 - the walk percentage will be reduced from 0.80 for elementary **schools** to 0.75 for ECS – elementary **schools**; and
 - the eligible enrolment coefficient will be reduced from 0.735 to 0.730.

ALLOCATION CRITERIA

- Edmonton School District No.7, Edmonton Catholic Separate School District No. 7, Calgary School District No. 19 and Calgary Roman Catholic Separate School District No. 1 are eligible for metro urban transportation funding.
- Funding is determined using a “benchmark” that is calculated based on the **school** enrolment for the current **school year**. The benchmark is the lesser of two values: the jurisdiction’s average **school** enrolment or the average **school** enrolment in the four metro urban jurisdictions. A benchmark is determined for each of the three levels (elementary, junior high and senior high).
- The number of **expected eligible passengers** is calculated using the following factors:
 - the benchmark for each level;
 - the number of **schools** by level;
 - the number of **funded students** and ECS **funded children**;
 - the residential area; and
 - the number of **funded students with severe disabilities** based on the jurisdiction profile.
- The following conditions are to be used in determining the number of **schools** servicing the three **school** levels in the public and separate **school boards** in Edmonton and Calgary:
 - institutions**, outreach **schools**, schools that solely serve home education **students**, and other special **schools** (**schools** where the majority of the **funded students** are special education needs students) as determined by School Finance are excluded;
 - an ECS – elementary school with fewer than 75 students is not counted;
 - an ECS – elementary school with 75 or more students and 3 or fewer grades will be counted as half an ECS – elementary school;
 - a junior high school with fewer than 75 students is not counted;
 - a senior high school with fewer than 75 students is not counted; and
 - a senior high school with fewer than 200 but with 75 or more students is counted as a junior high school.
- The formula used to calculate metro urban transportation funding contains the number of **schools** by level, the residential area, and the number of **funded students** attending **schools** within the jurisdiction.

6. Metro urban **school jurisdictions** in Calgary and Edmonton which are transporting **eligible transported ECS children to board**-operated programs will be eligible for transportation funding under the metro urban transportation funding. The ECS enrolments will be included in the formula.
7. **ECS children with disabilities/delays** who require special transportation will be funded at the ECS Special Transportation rate. Transportation funding for these children must be claimed under section 1.25, ECS Special Transportation. **ECS children with a severe disability/delay** who qualify for PUF cannot be included in the count of **students with severe disabilities** in the metro urban transportation formula.
8. Funding shall not be paid under this section for a **funded student** who is counted under section 1.23, Special Transportation Funding, or a **funded child** who is counted under section 1.25, ECS Special Transportation Funding.
9. Metro urban **school jurisdictions** receiving metro urban transportation funding must transport or make arrangements for the transport of **children attending ECS programs** at a service level that is consistent with the transportation of students.
10. When a metro urban **school jurisdiction** accesses metro urban transportation funding and has under its jurisdiction an area included in another municipality, the metro urban **school jurisdiction** may be reimbursed for each **eligible passenger** transported to **school** using the rural transportation formula, or, if the municipality is a city outside of Calgary or Edmonton, for each **eligible passenger** using the urban transportation formula. A metro urban **school jurisdiction** that is currently submitting a claim under this section and is seeking to claim either section 1.20, Rural Transportation funding or section 1.21, Urban Transportation funding must have approval from the **Minister**. Requests for approval should be submitted to the Business Operations and Stakeholder Support Branch.
11. A metro urban **school jurisdiction**, which has made an arrangement with a **charter school** to transport the **charter school's** students, may include the **funded students** attending the **charter school** for the purposes of calculating the number of **expected eligible passengers**. The **charter school** is not counted by the **school jurisdiction** in determining the number of **schools**.
12. A metro urban **school jurisdiction** providing transportation to and from an **ECS program** may charge the **parent** of a **funded child** a fee for the transportation service. The total amount of the transportation fee charged to **parents** shall not exceed the total cost of the provision of ECS transportation services less the ECS transportation funding the metro urban **school jurisdiction** receives from Alberta Education.

DOCUMENTATION AND REPORTING REQUIREMENTS

1. Metro urban **school jurisdictions** are required to retain the following information on file for a minimum of seven years and make it available for review by Alberta Education upon request.
 - a) geographic roadway maps of overall attendance areas and transportation service areas;
 - b) location of each student's residence (street addresses in towns, villages and hamlets);
 - c) individual bus route lists that includes stop locations and students transported;
 - d) a list of names of **eligible transported ECS children** transported by bus and the names and grades of **eligible passengers**;
 - e) records of **route distance** verified by an official(s) of the **school jurisdiction**;
 - f) copies of **educational services agreements**;
 - g) copies of **transportation agreements** with **school boards, private schools, charter schools** and **private ECS operators**;
 - h) copies of completed route risk assessment forms;

- i) copies of contracts with:
- i. operators of contracted busses for all transportation;
- ii. **parents** providing transportation indicating the amount to be paid; and
- iii. agents providing special transportation for **students with disabilities**.

Section 1.23 - Special Transportation Funding (Gr. 1-12)

ALLOCATION FORMULA

1. a) Urban Special Transportation:

Special Transportation Allocation	=	# of students with disabilities transported (see Allocation Criteria 1)	X	Urban Special Rate
-----------------------------------	---	--	---	--------------------

- b) Rural Special Transportation:

Special Transportation Allocation	=	# of students with disabilities transported (see Allocation Criteria 1)	X	Rural Special Rate

- c) Weekend Transportation

Weekend Transportation Allocation	=	# of students with disabilities transported on a weekend	X	Weekend Transportation Rate
-----------------------------------	---	---	---	-----------------------------

- d) Bus modification or purchase allowance to accommodate wheelchair passengers:

Funding is provided to **school jurisdictions** for up to 100 per cent of approved costs for the purchase of a wheelchair lift or ramp to be installed on a new or used bus that is transporting students to and from **school** on a regular route. Prior written approval by the Director, Business Operations and Stakeholder Support Branch, is required. Invoices and proof of payment must be submitted to Business Operations and Stakeholder Support Branch for reimbursement.

ALLOCATION CRITERIA

1. Urban or rural **school jurisdictions** may receive special transportation funding for resident **students with disabilities** riding on a bus designated only for the transportation of those **students with disabilities** who cannot, because of the severity of their disability/delay, use regular transportation services described in sections 1.20 Rural Transportation Funding or 1.21 Urban Transportation Funding.
2. All **school jurisdictions** (rural, urban and metro urban) transporting **children with disabilities/delays** shall claim ECS special transportation funding under section 1.25.
3. Program or **school** location shall not be considered when determining eligibility for this funding.
4. Special transportation funding is provided for **students with disabilities** who require special transportation between their residences or boarding places and:
 - a) the **school** of a **school jurisdiction**;
 - b) an **accredited funded private school**; or

- c) A program at an **institution** operated and/or funded by Alberta Education:
 - i. which the **student with a disability** has been directed to attend by the **school jurisdiction** because the **school jurisdiction** does not operate a suitable program, or

5. To claim special transportation funding for a **student with a disability** attending an **accredited funded private school**, the **school jurisdiction** must have directed the student to attend that **school**.
6. For parent-provided transportation, **school jurisdictions** must have signed agreements/contracts in place and on file by October 31. The amount that a parent is reimbursed must take into consideration the transportation funding the jurisdiction receives for the student along with the cost of providing comparable service.
7. Weekend transportation funding is provided to **school jurisdictions** when **students with disabilities** are transported on weekends between their permanent residences and their boarding places by their **parents** and are attending:

Part 5 — Targeted Funding for Provincial Initiatives

Section 5.1 — Regional Collaborative Service Delivery (RCSD) Funding (School Authorities)

REVISED

Regional Collaborative Service Delivery (RCSD) enables the collaboration between Education, Health (including Alberta Health Services), and Human Services to address identified needs, to coordinate and leverage system resources, to build system capacity, and to plan for sustainability in meeting the needs of children, youth, and their families. RCSD supports children or students who are registered with an Alberta school authority in the Early Childhood Services (ECS) to Grade 12 system, children and youth between birth and age 20 who have been identified as having a low-incidence disability or who have complex needs, and also includes cross-sector training or skill development for school staff, families and service providers who are collaboratively supporting children and youth in school and the community.

ALLOCATION FORMULA

- Funding for this new model comes from blending the funding previously provided for student health services, children and youth with complex needs and regional educational consulting services.
- The RCSD funding formula is a combination of a per student allocation with differential modifiers to reflect regional needs and an allocation of regional management.

REVISED

RCSD Funding	=	Per Student Allocation	+	Differential Modifiers Allocation	+	First Nations Differential Modifiers Allocation	+	Regional Management Allocation	+	Other Provincial Allocation
--------------	---	------------------------	---	-----------------------------------	---	---	---	--------------------------------	---	-----------------------------

1. PER STUDENT ALLOCATION

- Funding is provided to RCSD regions for **funded students/children in school authorities** as well as **First Nations students who reside on a reserve** (code 330) and attend a funded provincial school under an **education services agreement**.
- **Funded students** enrolled in **home education, blended, outreach or on-line programs** are included in this allocation.
- Funding is based on the **FTE funded enrolment** taken from the previous year's **frozen funded headcount**.

Eligible Students	X	Per Student Rate
-------------------	---	------------------

2. REGIONAL DIFFERENTIAL MODIFIERS ALLOCATION

- This component recognizes differential modifiers that address diversity factors that vary across regions to ensure an equitable distribution of funding. These modifiers are research-based incidence indicators in three areas: socio-economic, diagnostic and geographic.
- Funding is provided on a per student basis based on the funding allocated under the differential modifiers component of the inclusive education grant (see section 1.10 – Inclusive Education Funding).
- Each region's per student rate is derived from the average per student funding provided through the differential modifiers allocation of the inclusive education grant for each **school jurisdiction** represented in the region plus the number of students from each **school jurisdiction** in the region.

- Funding is provided to RCSD regions for all **funded students/children** in **school authorities** including those enrolled in **home education, blended, outreach** or **on-line programs**.

Eligible Students	X	Regional Differential Modifiers Per Student Rate

6. Alberta Education distributes Francophone RCSD funding to Réseau through the “designated banker” **school authority** to administer on behalf of all partners.
7. The allocation of Francophone RCSD Funding to Réseau is based on the Regional Collaborative Services Delivery formula (section 5.1).

Note: see Part 9, section 9.1 – Reporting Requirements and Information – Regional Collaborative Service Delivery

Section 5.3 — SuperNet Service Funding

ALLOCATION CRITERIA

1. **School authorities** will receive SuperNet service funding for each approved site that is connected to and using the SuperNet services as the primary data network obtained through the SuperNet vendor, Axia SuperNet Ltd.

Examples of approved sites include **schools**, stand-alone outreach centres/schools, one **school authority** head office, and one network operation centre.

2. **School authorities** must sign a Letter of Agreement with Axia SuperNet Ltd. for all SuperNet connected sites.
3. **School authorities** must apply for SuperNet service funding by submitting a SuperNet Service Funding Application (Form 16AE5.4) to the Technology Leadership Branch along with a copy of each Letter of Agreement, Schedule B and Attachment to Schedule B soon after the sites are connected to SuperNet services.
4. **School authorities** must provide notification to the Technology Leadership Branch of any possible changes, including additions and/or deletions to the list of connected sites. Notification timelines are as follows:
 - a) one year for additions and moves;
 - b) within one month of site closure for a site disconnection.

If a school authority fails to notify the Technology Leadership Branch of a disconnection, the **school authority** will be responsible for the SuperNet costs incurred for the disconnected SuperNet site.

5. SuperNet service funding is provided on the basis of approved connected sites and the monthly service cost. The funding amount is determined by multiplying the number of eligible connected sites by the monthly SuperNet rate.
6. SuperNet Service funding is paid retroactively to the service activation date if the funding application is received by March 31 of the current **school year**. Funding applications received after March 31 are not eligible for retroactive funding.
7. SuperNet Service funding is calculated on a monthly basis and provided for each approved site as follows:
 - a) **school jurisdictions** and **Francophone Regional Authorities** 100 per cent;
 - b) level 1 **accredited funded private schools** 60 per cent;
 - c) level 2 **accredited funded private schools** 70 per cent;
 - d) **private ECS operators** 50 per cent (payment for connection after the 1st of the month will be pro-rated).

Note: SuperNet service for First Nations schools are funded by Aboriginal Affairs and Northern Development Canada.

8. NETWORK HEAD-END PROVISION

Alberta Education will provide SuperNet service funding to a **school authority** network head-end location based on the following formula:

Head End SuperNet Service Funding Ratio = authority student population/average number of students per **school jurisdiction** (based on provincial student population counts at the end of each school year).

If the ratio is less than 1.4 then the **school jurisdiction** will receive 100 per cent of the funding rate. Authorities with a calculated Head-End Super Net Funding Ratio of 1.5 or greater will receive the ratio rounded to the next whole number multiplied by the funding rate.

9. MULTIPLE STAKEHOLDER SHARED FACILITY AGREEMENTS

When different education stakeholders are sharing the same facility and each has their own local-area network infrastructure, they are eligible to have one stakeholder (transferring stakeholder) transfer their SuperNet service funding allocation to the other stakeholder (receiving stakeholder). This can allow one stakeholder to obtain additional services from SuperNet and provide them to both stakeholders. The procedures and considerations for this are as follows:

- a) the transferring stakeholder must have their own local area network in the shared site or they are not eligible to receive SuperNet service funding;
- b) the transferring stakeholder will sign a transfer document provided by the Technology Leadership Branch that is valid for one year. They must continue to provide a new, signed document for each subsequent year; and
- c) the total amount of monthly SuperNet service funding paid to the receiving stakeholder must not exceed the total monthly contracted value of SuperNet services provided to that stakeholder by Axia SuperNet Ltd.

10. EXISTING HIGH-SPEED NETWORKING INFRASTRUCTURE PROVISION

Some **school authorities** that own and operate their own fibre-optic high-speed network connections between eligible SuperNet connectable sites can claim SuperNet service funding for these sites without an Axia SuperNet Ltd. contract for those sites given the following procedures and considerations:

- a) at least one site on the **school authority** owned network infrastructure must connect to SuperNet using an Axia SuperNet Ltd. contracted service;
- b) the total amount of monthly SuperNet service funding paid to the **school authority** must not exceed their number of eligible SuperNet sites multiplied by the eligible dollar amount per site; nor can the total amount of monthly SuperNet service funding paid to the **school authority** exceed the total monthly contracted value of SuperNet services to them by Axia SuperNet Ltd.; and
- c) the **school authority** owned infrastructure used to connect the sites together must be single mode fibre equal to or better than that used by the SuperNet build (contact the Technology Leadership Branch for details). Proof of the fibre used must be provided to the Technology Leadership Branch (installation invoice, purchase invoice, or third-party engineering validation).

Section 5.4 – Class Size Funding (School Jurisdictions)

- Class size funding is a component of base instruction funding for ECS, Grades 1 to 3 and Tiers 2 and 3 of CEU funding. (See section 8.1 School Jurisdiction Funding Rates).
Note: although class size funding is allocated based on a specific grade level or for specific CTS courses, **school jurisdictions** have the flexibility to use this funding to hire or retain teachers at any grade level based on local needs.
- **School jurisdictions** will continue to use the online reporting tool to consolidate their class size data and are required to post their **jurisdiction** and **school** class size averages on their website by January 15 of each school year.
- **Hutterite Colony schools** are not eligible for class size funding.

NEW Section 5.5 – Building Collaboration and Capacity in Education Grant Program – Targeted Funding for Provincial Initiatives

The purpose of the Building Collaboration and Capacity in Education (BCCE) Grant Program is to increase opportunities for First Nations students to receive culturally responsive and meaningful education programs and services through enhanced collaboration and coordination among education stakeholders.*

This one-time targeted funding opportunity supports three-year projects that focus on building capacity for collaborative planning and building capacity for First Nations and First Nations organizations (e.g. Tribal Councils) to participate in provincial initiatives.

Public, separate, and charter school authorities who have existing Education Services Agreements for First Nations students residing in a First Nations community and attending a provincial school are eligible to apply for funding under the BCCE grant program to support capacity for collaborative planning.

ALLOCATION CRITERIA

Allocations are based on the number of First Nations students attending provincial schools through existing Education Services Agreements (or tuition agreements) at a per student allocation of \$335. The funding allocated to a school authority is calculated using the FTE funded enrolment taken from the **Frozen Funded Head Count** of the previous school year. As part of the application process, eligible school authorities were required to submit a detailed proposal using the BCCE proposal template by March 1, 2016 in order to access year 1 funding. For eligible applicants that have not submitted a proposal for year one funding in 2015/2016, there will be a proposal intake deadline of September 15, 2016 for years two and three.

Example:

FTE funded enrolment for September 2015: 300

$300 \times \$335 = \$100,500$

All BCCE grant program funding must be expended on approved BCCE projects within the specified timeframe outlined in the proposal. Additionally, the BCCE program is exempt from provincial tuition funding, and is not intended to offset provincial tuition or high cost special education for agreements with First Nations or Tribal Councils.

Funding for subsequent years of the project will be released following submission and approval of the BCCE Grant Program Annual Report (due August 15). Please refer to BCCE Program Guidelines for additional detail on required reporting.

PROPOSALS

Proposals submitted under the Supporting Capacity for Collaborative Planning funding component of the BCCE grant program must:

- Demonstrate how individual, organizational and inter/intra-organizational capacity will be developed to support First Nations students and how it will result in concrete benefits for First Nations children, youth, and/or teachers.

- Planned/proposed activities under this funding component can also include collaboration with First Nations and First Nations organizations that provide education services, for improved student achievement through:
 - Updating of existing Education Services Agreements.
 - Collaborative Planning.

The proposal must contain a three-year timeline of activities and the budget section must also identify a three year timeline of the following:

- (1) anticipated revenues by source(s),
- (2) expenses, and
- (3) the clear linkage of expense category to the planned activities and outcomes.

Projects will be approved for three years; however each project's budget must be approved on an annual basis. Although not exhaustive, a list of eligible and ineligible expenditures can be found in the BCCE Program Guidelines. Should you have an inquiry about eligibility of a proposed expense, please contact the First Nations Education Initiatives Branch via the contact information provided below.

ALLOCATION CRITERIA

Beginning the Cycle – Priority Setting

Annually, in the spring of each calendar year, priorities for provincial curriculum implementation support will be identified by Student Learning Standards (SLS) Division, Alberta Education and given to the consortia.

Proposal and Plan

1. Each consortium shall propose to Alberta Education the professional learning supports most appropriate for supporting provincial priorities in their region, as determined through collaboration with their regional partners and SLS. These will include a wide variety of research-informed approaches and opportunities for teachers, other educational leaders, and other education staff, that build capacity within schools and school authorities, regionally and provincially.
2. Each consortium shall submit its plan to the Curriculum Standards and Implementation Coordination (CSIC) Branch consisting of:
 - i. a proposed budget showing how the funds for curriculum implementation support will be assigned to each provincial priority and what percentage this is of their overall budget;

PART 1 – School Jurisdiction Funding

Sections 1.1 to 1.13, 1.15 to 1.25, 5.4, 6.1, 6.2, and 6.5

School jurisdictions receive their funding allocation from the Alberta School Foundation Fund, the General Revenue Fund, and in the case of opted out separate **school jurisdictions**, the supplementary **school** tax requisition.

Alberta School Foundation Fund (ASFF)

ASFF payments will be made to **school jurisdictions** in monthly installments.

Opted-out **boards** will receive a monthly advance on their ASFF payment from Alberta Education and on their local education property tax requisition entitlement. These **school boards** are required to re-pay the advance on their local education property tax requisition by the last banking day in the months of March, June, September and December. Interest will be applied to overdue accounts at the same rate charged to municipalities. Opted-out **boards** will continue to collect education property tax requisition revenue from their municipalities each quarter.

Payments

Funding will be allocated on a monthly basis at 8.33 per cent per month; with the exception of January and August, which will be at 8.35 per cent and the month of March. An initial payment of 5 per cent will be processed in early March and an additional payment will be made by March 31. If this additional payment does not equal 3.33 per cent, then the difference will be either deducted/added prior to the end of the current **school year**, based on the prior approval of the Assistant Deputy Minister, Strategic Services and Governance.

Section 8.7 — Enrolment Counts

PURPOSE

Enrolment counts are used to determine funding allocations for **school jurisdictions, accredited funded private schools** and **private ECS operators** and are based on information submitted to PASI and Student Records Branch.

CONDITIONS

1. All ECS children and all students in Grades 1 to 12 who are enrolled and attending a **school** on the **September count date** of the **school year** will be counted at the **school** they are attending on that date. Enrolment records must be kept on file in the **school authority** or **school** that will substantiate the **September count date** ECS child/student enrolment data submitted to PASI and Student Records Branch. Students and ECS children enrolled after the **September count date** will not be counted for funding purposes.
2. A **school authority** may count a student who was not physically in attendance on the **September count date** if the student was enrolled and in attendance either in the month of September of the current school year or in the last week of June of the previous school year; and
 - a) who returned to **school** within 15 calendar days of the **September count date**; or
 - b) who was referred to the attendance board (with a letter on file);
 - c) unless #7 in this section applies.
3. A **school authority** may count a student who was physically in attendance at an **Institution** on the **September count date** if the student was enrolled and in attendance with the **school authority** prior to the **September count date** and returned to the **school** within 30 calendar days after the **September count date**. In the event that a priority school conflict occurs, and if the requirements of this condition are met, the decision will be made in favor of the **school authority**.
4. A **funded child/student** who was not physically in attendance in any **school authority** on the **September count date** but was in attendance in a **school authority** prior to the **September count date**, and then changed to a different **school authority**, may be claimed by the receiving **school authority** if the **funded child/student** was enrolled and in attendance within five calendar days of the **September count date**.
5. **Funded children/students** who are receiving their education in a **home education program** provided by their **parents** will be counted by the supervising **associate board** or **associate accredited funded private school** where the student is enrolled on the **September count date**.
6. **School jurisdictions** or **funded private schools** offering year round education to **funded students** in Grades 1 to 9 will use **September count dates** determined by School Finance on an individual basis to ensure fair and equitable funding for the students they are educating.
7. A priority **school** conflict (PSC) occurs when more than one **school** claims the **funded child/student** on the **September count date**. In the situation that more than one **school** is claiming the same **funded child/student** for funding purposes, the priority **school** is the **school** in which a **funded child/student** is deemed to have been enrolled and in attendance on the **September count date**.
8. Priority **school** conflicts must be resolved before a **school authority** is entitled to receive funding for a **funded child/student**. When priority **school** conflicts occur, **school authorities** should make every effort to resolve them as they have first-hand knowledge of the instruction the student is receiving and are in the best position to determine a fair and equitable solution.
9. If **school authorities** cannot resolve a priority **school** conflict, they should forward supporting documentation as follows to the School Finance Branch by February 23 for resolution. If School Finance must resolve the conflict, only Base Instruction Funding will be provided.

For Grades ECS to 9

- a) Attendance Sheets for the months of September and October are required, along with any documentation indicating (if applicable) the date of the **funded child's/student's** last day of attending **school** and registration forms for new children/students.
- b) In the event of a priority **school** conflict involving a PUF child, the decision will be in favor of the **school authority** that submitted the PUF application - only if they are providing the child's ECS instruction. If the priority **school** conflict involves an **ECS operator** who is providing the PUF child's ECS instruction and another **ECS operator** who is providing the PUF child's services and supports, the decision will be in favor of the **ECS operator** that is providing the ECS instruction.
- c) If more than one **school authority** substantiates enrolment and attendance on the **September count date**, the priority **school** conflict will be resolved in favor of the authority that provided the most programming.
- d) If a **funded child** is enrolled in two ECS programs at two different **school authorities** (i.e. one in the morning and the other in the afternoon) and attendance on the **September count date** can be substantiated at both, funding will be allocated at 50 per cent to each **ECS operator**.

For Grades 10 to 12:

REVISED

- a) Instructional minutes for the first **term** (September to January) are required. These minutes shall be based on the number of **CEUs** for all the courses that the **funded student** was registered in at the school during the first **term**. Note: Do not factor in second **term** courses.
 - i. For the purpose of determining instructional minutes, all CEUs shall be counted as 25 hours or 1,500 instructional minutes.
 - ii. All 3 credit courses shall be counted as 2.5 CEUs.
- b) In resolving priority **school** conflicts, the priority **school** will be determined as follows:
 - i. The **school** where the **funded student** was enrolled, and in attendance, on the **September count date**;
 - ii. If the **funded student** was enrolled, and in attendance, in two or more **school authorities** on the **September count date**:
 - The **school** where the **funded student** was registered for the majority of instructional minutes in the first **term** of the current **school year** would be deemed the priority **school**; or
 - In situations where instructional minutes are the same for two **school authorities**, funding will be distributed at 50 per cent of the Base Instruction rate applicable to each **school authority**.

These minutes should be based on the registered term 1 courses of the **funded student**.

10. Course Conflicts (Grades 10 –12)

A course conflict occurs when a regular senior high student has a **school** awarded mark reported by two **schools** in the same course, in the same semester and in the same **school year**. The **school** that delivered the most instructional minutes will be deemed the priority **school**.

Course conflicts must be resolved online in the Funding Event System (FES). The **school** must indicate the number of actual instructional minutes delivered to the student. These minutes should be based on the total class time offered minus any class time absent. Do not default to total class time offered.

Agents may refer to this as a commercial blanket bond.
4. New **accredited funded private schools** are required to provide a Certificate of Incorporation for a society incorporated under the *Societies Act* or a non-profit company registered under Part 9 of the *Companies Act* or a non-profit corporation incorporated under an act of the Legislature.

Section 9.3 — Ceasing of Operations by a Private ECS Operator

POLICY

When funding has been provided by Alberta Education to a **private ECS operator**, and they cease operations, any surplus funds shall be returned to the Government of Alberta or transferred to another approved **ECS operator**.

CONDITIONS

1. A **private ECS operator** may opt to go into recess for not more than one year before making a final decision on ceasing or resuming operations.
2. The decision to cease operations must have been reached at a general meeting of the society governing the **private ECS operator** called within the provision of the society's or company's bylaws or articles of association.
3. If a **private ECS operator** decides to cease operations, the operator may determine if another **ECS operator** is willing to take over the program. The other **ECS operator** must agree to take over the program and to accept the transfer of assets and liabilities, including supplies, capital assets, and operating surpluses.
4. If a **private ECS operator** does not transfer its assets to another **ECS operator**, Alberta Education will calculate the amount of surplus (if any) from operations to be returned to the Government of Alberta.

PROCEDURES

1. When the **private ECS operator** has made a decision to cease operations, a letter must be sent to the School Accreditation and Standards Branch notifying them of their decision. The letter must also include a copy of the board resolution to cease operations made at a duly called meeting of the society or company.
2. When the **private ECS operator** has agreed to allow another **ECS operator** to take over the program, both parties must sign an agreement for the transfer of the **private ECS operator's** assets and liabilities to the other **ECS operator**. The agreement should also include an inventory schedule of all assets/liabilities to be transferred and signed by officials of the **ECS operator** accepting the transfer. The **private ECS operator** must submit the agreement to the School Accreditation and Standards Branch within 90 days of the signing of the agreement but no later than November 30 following the school year that operations ceased.
3. The **private ECS operator** must prepare an Audited Financial Statement (AFS) for the final year of operation or portion thereof and submit it to the Financial Reporting and Accountability Branch by November 30 following the **school year** that operations ceased.
4. If a **private ECS operator** ceases operations during the **school year**, unexpended fees paid by **parents** for the year should be returned to the **parents**.
5. When the **private ECS operator** ceases operation but does not transfer the assets and liabilities to another **ECS operator**, the final Audited Financial Statements will be reviewed and the accumulated surplus, if any, will be pro-rated by Alberta Education. The portion of the surplus to be returned to Alberta Education will be calculated on the ratio of Alberta Education's contribution to the total revenue of the **ECS program** over the final three years of operation. The amount payable to Alberta Education will be communicated by letter from the Director of the School Finance Branch.
6. A **private ECS operator**, who ceases operations and does not enter into an agreement with another **ECS operator**, should sell their assets or make arrangements with Alberta Education to transfer the capital assets and supplies to another **ECS operator** or program provider in their area.

Section 9.5 — Withdrawal of Teacher Services or Lockout

POLICY

Alberta Education recognizes the obligation of a **school board** and its teachers to negotiate contractual arrangements that are acceptable to both parties. In the event that negotiations break down and a strike by teachers or a lockout by a **board** occurs, Alberta Education will adjust funding, while keeping the educational needs of the students a priority. In the event of a strike by teachers or a lockout by a **school board** where educational services are not provided, the funding payable to a **board** shall be reduced. This adjustment of funds prevents a financial benefit from accruing to a **board**.

CONDITIONS

1. The **Minister** may reduce funding provided under the Alberta School Foundation Fund and/or the General Revenue Fund for the period for which cessation of teaching services occurred.
2. Funding will be reduced by 1/200th of the total annual certificated teacher salary and benefit amounts, based on the previous **school year** Audited Financial Statements, excluding central office exempt staff, for each **operating day** teachers are on strike or lockout.
3. The number of **operating days** used in the funding adjustment will reflect any instructional days, teacher preparation days and in-service/convention days that occurred during the strike or lockout.
4. **Boards** are required to ensure that students in Grades 2 to 9 have access to 950 hours of instruction per year and that students in Grades 10 to 12 have access to 1,000 hours of instruction per year. The access to instruction hours can be met in various ways.
5. Depending on the length of the strike or lockout, **boards** may choose to provide make-up instruction days lost, to meet the access to instruction hours required. **Boards** will be funded based on the same 1/200th calculation identified in Condition #2 above, for each day made up.
6. All other funding to **school jurisdictions** will continue in order to provide **boards** with the necessary flexibility to make local operating decisions.
7. There should be sufficient funds and flexibility within a **board's** current funding allocation to cover any costs of providing distance education materials to students during the cessation. No additional funding will be provided for these costs.
8. A **board** may make an application to the Director of the School Finance Branch for additional expenses incurred as a result of the labour disruption, other than for distance education materials, which were required to ensure the instructional hours are not compromised.
9. A **board** shall notify Alberta Education, immediately following the end of a strike or lockout, of the period and number of days of the cessation of services.
10. In the event that a strike by teachers or a lockout by a **board** occurs on the **September count date**, an alternate **count date** will be determined by the Director of School Finance.
11. Alberta Education will provide the **board** with a detailed calculation of the funding reduction.
12. After the strike or lockout, the funding reduction amount will be recovered from the next applicable payment(s) to the **board**.
13. In the event of a dispute over the amount of funding reduction and/or the amount claimed in additional expenses or make up days, a **board** may submit its concern(s) in writing to the **Minister**.
